Disgnostics: PTSD, Depression, Anxiety. Being transgender is not a symptom of mental illness. This whole case started over an argument over my gender. I am innocent of all charges in New-Brunswick from 2016 to 2023 and I am determined to clear my name from these bogus charges and allegations. I claim self defense under the ongoing threats to my life by the RCMP and their refusal to take any of my depositions from 2016 to 2023, even going against the court's judgement to withdraw the charge of indecent act and simple assault and maintaining that i was a convicted sexual offender until May 2023, as shown in the J Division investigation that concluded I was still guilty as of April 2023(the why I requested a new certificate to force-prompt the RCMP to update it's bogus file 2016-84414, the original charges that underlined the 7 years of hell I have endured in the hands of law enforcement inaction and severe breach of my canadian rights, human rights, trans and lgbtq rights, my right to use cannabis and my right to read licence plates without obstruction. My medical file 918133331 is also now corrupted by transphobia and a misunderstanding of various laws regarding transphobic discrimination, conversion therapy and self defense from security threats while being ignored by the RCMP.

Il traite de la discrimination systémique, des cadres juridiques, des accusations, des dossiers médicaux corrompus et des demandes clés, y compris les enquêtes appariées CRCC 2023-2623 et CHRC 2023-0331. 1. Historique de l'affaire : 1.1. Affaire corrompue 2016-84414 : La saga a commencé avec l'affaire corrompue 2016-84414, marquée par le retrait et la récertification en mai 2023 du retrait, malgré le refus continu de la GRC de reconnaître la vérité selon laquelle l'accusation de "geste indécent" avait été retirée en octobre 2016, suscitant des soupçons de préjudice intentionnel à ma réputation par la GRC. 1.2. Discrimination systémique persistante : Tout au long de cette épreuve, la discrimination systémique à l'encontre de mon identité de genre transgenre a persisté. La GRC a refusé mes dépositions, m'a désignée de manière erronée et a ignoré mes droits protégés par le projet de loi C-16 de 2017, la loi sur la thérapie de conversion de 2022 et l'article 3 de la DUDH. 1.3. Demande de consolidation des dossiers d'enquête : J'ai demandé la consolidation de tous les dossiers d'enquête policière de 2016 à 2023 dans la GRC PC 2023-1281916 (Appariée avec CRCC 2023-2623 et CHRC 2023-0331). 1.6. Témoins et agents de la GRC : Les témoins transphobes et la participation des agents de la GRC Gabriel Gallant et Tania Mallet ont joué un rôle important dans la perpétuation du traitement discriminatoire. 4. Discrimination systémique transphobe 2. Harcèlement 3. Arrestation abusive 4. Détention illégale 5. Accusation fallacieuse 6. Diffamation de caractère 7. Violation des droits de la Charte canadienne 8. Violation des droits de l'homme 9. Défaut de protection des droits 10. Emprisonnement injustifié 11. Parjure 12. Mensonge sous serment 13. Exigences et médiation : J'exige une médiation approfondie des enquêtes appariées CRCC 2023-2623 et CHRC 2023-0331 pour garantir que la justice prévaut et que la discrimination systémique soit traitée. Conclusion : L'enquête sur la GRC PC 2023-1281916 est complexe et nécessite un examen approfondi de la discrimination systémique, des complexités juridiques, des accusations, des dossiers médicaux et des demandes de justice. Votre rôle, Cpl. Yanick Soucy, est essentiel pour garantir que la justice soit rendue. Merci. Préparé par : Marie Seshat Landry (Jean-Yves Landry) Date de naissance : 23 septembre 1986. [Pronoms Elle/La] [LGBTQ] Diagnostic : cPTSD, dépression, anxiété sociale. Être transgenre n'est pas un symptôme de maladie mentale. Toute cette affaire a commencé par une dispute au sujet de mon genre. Je suis innocent de toutes les accusations au Nouveau-Brunswick de 2016 à 2023 et je suis déterminé à laver mon nom de ces accusations et allégations fallacieuses. Je revendique légitime défense face aux menaces continues à ma vie par la GRC et à leur refus de prendre en compte l'ensemble de mes dépositions de 2016 à 2023, allant même à l'encontre de la décision de la cour de retirer l'accusation de geste indécent et d'agression simple et maintenant que j'étais un délinquant sexuel condamné jusqu'en mai 2023, comme le montre l'enquête de la Division J qui a conclu que j'étais toujours coupable en avril 2023 (c'est pourquoi j'ai demandé un nouveau certificat pour forcer la GRC à mettre à jour son dossier frauduleux 2016-84414, les accusations initiales qui ont sous-tendu les 7 années d'enfer que j'ai endurées entre les mains de l'inaction des forces de l'ordre et de la grave violation de mes droits canadiens, de mes droits de l'homme, de mes droits trans et LGBTQ, de mon droit d'utiliser du cannabis et de mon droit de lire les plaques d'immatriculation sans obstruction.

The court said charge withdrawn in 2016.

Failed J Division investigation results in April 2023, still showing me as an indecent act convict. This is what prompted me to request the new certificate to update my records. I am also looking at police brutality charges, as I was beat severally during certain arrests. I deny having resisted arrest, and no attempts at de-escalations have been made. I claim self defense in all cases - i am still alive today and nobody was harmed except me in this whole ordeal. I am a peaceful, law-abiding citizen otherwise. Thank you for your time and your help in uncovering the truths and lies pertinent to 2023-1281916, CRCC 2023-2623 and CHRC 2023-0331. I also mention a failed attempt at a resolution in closed file CRCC 2023-2664, which claimed that this was only a mistake 7 years ago and not an intentional act of discrimination lasting 7 years. The closed CRCC file should be imported and consolidated with the new file to make things easier for the investigation. Thank you and sorry for the very long message. Future updates will surely be shorter. Thanks again for your time and service.

🌟 **Victory Update - A Step Forward Towards Justice!** 🌟 Dear Friends and Allies, I come to you today with a heart full of gratitude and hope as we take a significant step forward in our pursuit of justice, accountability, and change. 🌈
 🕊️ **RCMP Police File #2016-84414:** This haunting chapter, which cast shadows over my life for far too long, stood as an emblem of systemic discrimination, harassment, and the denial of my transgender identity. It has finally been updated to reveal the truth about the court case. ⚖️ **Court Case #33094001:** The truth has prevailed, and the false indecent act charge from that time was debunked in this court case. Justice was served, but the scars from this ordeal run deep. There is no reason a certificate from court should have been required in the first place. This update should have been automatic in 2016. 🌟 **CHRC Case #20230331:** My ongoing battle for justice, equality, and recognition is now under the careful watch of the Canadian Human Rights Commission (CHRC). They are actively reviewing this case of national significance, and their support is invaluable. 🚀 **CRCC Case #2023-2664:** While the CRCC case remains closed, we continue to explore every avenue in our pursuit of justice. The case now sits with RCMP Commissioner Mike The events spanning seven years, including false incarcerations, are too significant to be ignored. 🔍 **CHRC Mediation:** The CHRC is now acting as a mediator, guiding us towards a resolution that is long overdue. This is a significant step towards healing and accountability. ⚖️ **Criminal Charges:** Possible criminal charges loom on the horizon for those responsible. These may include but are not limited to: - Perjury - Lying under oath - Corruption - Conspiracy - Abuse of process - Intimidation - Harassment Witnesses who provided false testimony will also face scrutiny for their actions. 🙏 **Grounds for Mediation:** We have laid out the grounds for mediation, emphasizing the importance of addressing conversion therapy charges, which have been illegal in Canada since 2022. The demands for mediation and compensation for Marie Landry (Myself as a Canadian Citizen) should be exemplary due to the astronomically ridiculous nature of this case. What hell have I gone through, passed as a convicted sexual offender in my community for 7 years. Its a miracle I survived quite honestly. I demand full human rights and police protection of my rights in Canada and the world with the UN OHCHR. My journey has been marked by challenges, but together, we have proven that change is possible. We will continue to raise our voices, advocate for change, and stand united against discrimination. The path ahead may be long, but I am determined to see it through. Thank you for your unwavering support and dedication. Together, we will shape a more just and inclusive society. 🙏🌟 Stay tuned for further updates, and let's keep moving forward together! The CHRC investigation (2023-0331) is in full swing! 🧑🏻🚀 This is a massive step toward progress in my fight against systemic transphobic discrimination! 🏳️🌈👏 Thank you all for your incredible support along the way. 🙏💖 Let's keep pushing for justice together! 🌟🌟🌟 With love and gratitude, [Marie Landry] 💖🌈🌟

📢🌈 A Big Update from Marie Landry 🌈📢

I wanted to share some significant developments in my ongoing fight for truth and justice regarding systemic transphobic discrimination! 🏳️🌈👏 First, let's celebrate these milestones with some emojis, because we've come a long way! 🥰🌟👮📖 The city worker who wrongly documented charges against me in 2016 has sadly passed away, which may affect some charges we're considering. But we're exploring them in the ongoing investigation in the name of truth and justice! 🧑🏻💖

Violation of Duty to Provide Accurate Information 56. Failure to Uphold Professional Standards

These charges cover a wide range of potential issues and concerns related to my case. They all should be at least explored.(and some dropped in some cases)

The main problem remains the constant denial of my womanhood and my status as a openly and proudly transitioning transgender woman in all my police files from 2016-2019.

Now that the first police file has been updated, its time to review all following files from 2016-2019 as the many charges were under psychological duress and the result of my self defence against possible threats to my security.

Royal Canadian Mounted Police Gendarmerie royale du Canada

Commanding Officer Commandant divisionnaire
2023-12-01

Ms. Marie Landry
570 rue Acadie,
Grande-Anse, NB E8N 1E4

RE: Letter of complaint sent to the RCMP J Division Commanding Officer

Dear Ms. Landry,

Thank you for your further correspondence, which our office received on September 26th, 2023.

We understand from the written correspondence sent to Mr. Robert McKee, Member of Legislative Assembly and acknowledge the information you provided in this letter. You provided further evidence to support the potential for an administrative error in the documentation and findings of the court proceedings that you participated in, and in reference to RCMP investigative file: 2016-84414.

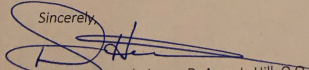

As a result, we re-tasked the "J" Division's Criminal Operations Office to review police investigative file: 2016-84414 and compare with the new evidence submitted. We acquired further documentation from Moncton Provincial Court, including recordings and documentation and we also engaged our Professional Responsibilities unit, to review all actions that transpired that led to the administrative error.

Based on the public complaint investigation led by our Professional Responsibilities Unit, you met with the lead investigator Cpl. Soucy and withdrew your complaint against the Regular Member on September 21st, 2023. You were also issued a letter, dated September 19th, 2023, from S/Sgt. Chantal Roger, officer in charge of J Division's Professional Responsibilities unit, explaining the administrative error conducted by a municipal employee of the Codiak RCMP detachment.

The findings, was shared with Supt. Benoit Jollette, Officer in Charge of the Codiak detachment and City Manager for municipal employees with the Codiak RCMP, Charles Savoie. Both Supt. Jollette and Mr. Savoie were directed to take necessary measures and ensure corrective actions be taken to ensure this occurrence does not re-occur.

We trust that you found the actions taken satisfactory. If you have any further questions or concerns, please do not hesitate to contact your local RCMP Detachment or our office.

Sincerely,

Assistant Commissioner, DeAnna L. Hill, O.O.M.
Commanding Officer, New Brunswick RCMP

Subject: Meeting Follow-Up

To: Soucy, Yanick (RCMP/GRC) <Yanick.Soucy@rcmp-grc.gc.ca>

Thank you for meeting with me last week. A few questions...

In the document I received, it states that there was an error made by the city employee. There is no explanation as to the why and how this mess up happened. The witnesses were told immediately after court that I took a deal that included all convictions. Constable Gabriel Gallant harassed me after court using the same language that I took a deal that included all convictions and no withdrawals. I am concerned that this false information affected my reputation and good standing with the police and community. Between 2016 and 2019, I had multiple court cases where I was presented as a man with mental disorders, guilty of indecent acts and violence. My medical records remain deeply affected by the misinformation, and my security has become a joke for the codiac RCMP members who refused all my depositions from 2016 to 2023, including my report of a new far-right white supremacist neo-nazi group in Moncton sending me Nazi imagery, swastikas and threats towards my life for being a transgender person and a liberal, threatening language of an insurrection in Canada and the USA, saying Trudeau is a dead man walking and that the Nazi's will win, whatever that means. I remain confused by the misinformation about what really went down on January 22, 2016, and all following court cases and incarcerations. I was severely mistreated as a trans person while incarcerated, denied my identity and made a mockery, as if I was a violent and psychotic sexual offender. This whole ordeal is unacceptable. I am glad we concluded there was a mistake made by a city worker. I remain convinced that Gabriel Gallant and Tania Mallet participated in this disinformation, even telling the witnesses that they won the case and that I was successfully convicted. I remain dedicated to uncovering the whole truth about my criminal and medical records from 2016-2023. I believe to be innocent of anything at all and that I acted for self defense for my security under duress in all ensuing cases. I was unable to rely on law enforcement for now many years. My depositions were never taken or investigated until today. I am thankful we put the finger on the city worker's mistake, I am now focused on the why and how this has happened and how to make sure this never happens again - to anyone. I am requesting that some explanation be documented as to the how this mistake was made and steps taken to correct it. I also request that the meeting audio tape be made available to myself, the CRCC and CHRC. I want to document everything as clearly as possible for my personal files, and to seek an exoneration of my entire criminal record in New-Brunswick, claiming self defense and a failure of law enforcement to protect my rights to life, liberty and security, my rights to be trans and my right to read licence plates, and my rights to fair trials, my right to make depositions, and to have my depositions investigated. I am specifically concerned about the Moncton neo-nazi group flying under the radar because my deposition of this hate mail is not taken seriously, or any of my depositions, regarding anything at all. My voice seems to be powerless, and the truth has been erased and covered by transphobic bullies who want to see me fall hard. My question remains: We know there was a mistake made. Will this be properly documented? I ask for official public excuses from the RCMP and any involved parties, as well as mediation process via CHRC to make sure this never happens again, and that we repair some of the damage that has been done, regrettably. Also, will I receive additional documentation by mail, or is the letter from Chantal Roger all I will have? I would like the audio of the meeting, and every document to be made available to myself and both the CRCC for the conclusion of the investigation, and to the CHRC to back mediation efforts.

Thanks for your help, in this quest for long-due Justice. I am innocent and I am seeking exoneration of all police files and court cases from 2016-2023, citing self defense, Human Rights and mistrials in all cases.

Thanks again for your help.

Marie Landry

Good morning Marie.

First, It was nice to meet you last week and I appreciated the conversation.

You will be able to obtain a copy of the audio through ATIP. The 2023-1281916 will have to be reviewed by Fredericton Professional Responsibility Unit and will also be reviewed by the CRCC (Ottawa) before conclusion. Once the review are done, ATIP will be able to provide you with a copy.

In reference to the incidents, that you were involved in between 2016-2019, which led you to get a criminal Record, I would encourage you to seek Legal Counsel for that matter (Not sure how that legal aspect works).

As we discussed, with a Complaint to the CHRA, they oversees the RCMP's actions. They will render a decision in your case with supporting or not supporting your allegations.

If you have any issues with threats (hate mail etc), I would encourage you to make a complaint to one of our local Officers so the matter can be investigated. The RCMP Codiak's phone number is 857-2400.

I don't know if you've received the letter from S.Sgt.Roger yet, but this should be the last letter you get from the RCMP (in reference to Codiak, I don't know about the RCMP in Fredericton ??). You might get something from the CRCC as well, I'm not sure 100%.

I feel bad that there was a mistake made by one of our PSE back in 2016 in your case, in reference to the disposition, but be reassured that the charge under Section 173 was withdrawn accordingly in October 2016 before the Court.

I hope you find justice in whatever you are pursuing and wish you the best. Take care !

Subject: Key Points Meeting Summary - CRCC 2023-2623 / CHRC 2023-0331 / RCMP 2023-1281916

Dear Investigator Cpl. Yanick Soucy,

I wish to provide a concise and factual summary of our recent conversation concerning my case, comprising CRCC 2023-2623, CHRC 2023-0331, and RCMP 2023-1281916:

****Key Points:****

1. Error Confirmation: We jointly acknowledged a significant error made by a city worker, which had far-reaching consequences on my reputation and legal standing.
2. RCMP Involvement: I expressed my profound concerns regarding the participation of Constable Gabriel Gallant, Informant Tania Mallet, and the presence of transphobic biases and disinformation throughout my identity and court cases. In all my arrests and court proceedings from 2016 to 2023, I faced transphobia, being misrepresented as a man with mental health issues, coupled with false allegations of indecent acts and assaults. Witnesses were erroneously informed that I had pleaded guilty to these charges, and this misinformation has persisted, impacting my life to this day.
3. Complex Legal History: My history involved multiple court cases between 2016 and 2019, including charges of indecent acts (later withdrawn), violence (later withdrawn), mischiefs, and a joyride. These legal actions detrimentally affected my medical records. I believe that these false convictions cast a shadow over the proceedings, as the RCMP refused to acknowledge or consider any of my depositions from 2016 to 2023.
4. Hate Mail and Threats: I received disturbing hate mail from a far-right white supremacist neo-Nazi group in Moncton, which included explicit threats against my life and liberal political leaders. These threats were directed at me due to my transgender identity and my alignment with liberal political beliefs. Regrettably, the RCMP has thus far overlooked this alarming threat.
5. Depositions and Reports: I contend that my depositions and reports were consistently dismissed or trivialized by law enforcement between 2016 and 2023. This has led to a sense of mistrial in all cases where I was denied the fundamental right to provide a deposition and have my version of events considered in court. In each instance, I acted in self-defense.
6. Seeking Exoneration: My primary objective is to secure exoneration for my entire criminal record in New Brunswick. This appeal is grounded in self-defense claims, violations of Human Rights, and concerns regarding mistrials in all cases.
7. Apologies and Mediation: I formally request public apologies from the RCMP and any involved parties. Additionally, I seek a mediation process facilitated by CRCC and CHRC to prevent the recurrence of such incidents and to address the damages endured.
8. Documentation Access: It is imperative that I gain access to the audio recording of our recent meeting, as well as all pertinent documents related to the investigations conducted by the RCMP and CRCC. These will be forwarded to CHRC for ongoing mediation efforts.
9. Clarity on Correspondence: I kindly request clarification on whether there will be additional documentation sent via mail in the future? Or is the letter from Chantal Roger all I will have from this investigation? I also would like a copy of the document I signed which ended the investigation into the late city worker, Pierre.

These key points capture the various aspects of our discussion and my earnest calls for transparency, accountability, and the pursuit of justice in this complex matter.

I extend my gratitude for your steadfast commitment to uncovering the truth and for your relentless pursuit of a just resolution.

Sincerely,

Marie Landry

Ms. Landry,

I am glad to hear that the issue with the Codiac RCMP and J Division has finally been resolved and that your police file has been updated to reflect the truth. It must have been an incredibly distressing and frustrating experience to have to deal with this situation for the past seven years.

I appreciate you bringing this discriminatory situation to my attention and I understand the importance of addressing the systemic issues within the RCMP that have allowed such prejudice and injustice to persist. It is vital that everyone is treated fairly and justly under the law, and I hope that this resolution will provide some closure and peace of mind.

I hope those responsible for the RCMP take appropriate action to ensure that this kind of situation does not happen to anyone else in the future. Thank you for your bravery in speaking out about this matter, and I wish you all the best.

Sincerely,

Rob McKee
