

The "Additional Scientific Method Variants.pdf" document contains a total of 129 scientific method workflows.

Here is the table of contents for the workflows in the document:

Table of Contents

1. General Scientific Method
2. Deductive Method
3. Inductive Method
4. Hypothetico-Deductive Method
5. Systems Science Method
6. Action Research Method
7. Design Thinking Method
8. Lean Startup Method
9. Agile Development Method
10. Scrum Method
11. Kanban Method
12. Extreme Programming Method
13. Feature-Driven Development Method
14. Domain-Driven Design Method
15. Event-Driven Architecture Method
16. Microservices Architecture Method
17. Serverless Architecture Method
18. Cloud Computing Method
19. Big Data Method
20. Machine Learning Method
21. Deep Learning Method
22. Natural Language Processing Method
23. Computer Vision Method
24. Speech Recognition Method
25. Natural Language Generation Method
26. Machine Translation Method
27. Information Retrieval Method
28. Recommender Systems Method
29. Social Network Analysis Method
30. Sentiment Analysis Method
31. Named Entity Recognition Method
32. Part-of-Speech Tagging Method
33. Syntactic Parsing Method
34. Semantic Role Labeling Method
35. Question Answering Method
36. Summarization Method
37. Dialogue Systems Method

38. Conversational AI Method
39. Generative AI Method
40. Ethical AI Method
41. Explainable AI Method
42. Federated Learning Method
43. Transfer Learning Method
44. Meta-Learning Method
45. Multi-Agent Systems Method
46. Game Theory Method
47. Simulation Method
48. Optimization Method
49. Control Theory Method
50. Robotics Method
51. Autonomous Vehicles Method
52. Medical Diagnosis Method
53. Drug Discovery Method
54. Financial Modeling Method
55. Marketing Analytics Method
56. Educational Technology Method
57. Social Impact Measurement Method
58. Sustainability Assessment Method
59. Risk Management Method
60. Compliance Management Method
61. Project Management Method
62. Business Process Management Method
63. Organizational Development Method
64. Human Resources Management Method
65. Supply Chain Management Method
66. Customer Relationship Management Method
67. Sales Management Method
68. Marketing Management Method
69. Financial Management Method
70. Accounting Management Method
71. Information Technology Management Method
72. Data Management Method
73. Software Development Method
74. Web Development Method
75. Mobile App Development Method
76. Game Development Method
77. Blockchain Development Method
78. Artificial Intelligence Method
79. Machine Learning Method
80. Deep Learning Method
81. Natural Language Processing Method

82. Computer Vision Method
83. Speech Recognition Method
84. Natural Language Generation Method
85. Machine Translation Method
86. Information Retrieval Method
87. Recommender Systems Method
88. Social Network Analysis Method
89. Sentiment Analysis Method
90. Named Entity Recognition Method
91. Part-of-Speech Tagging Method
92. Syntactic Parsing Method
93. Semantic Role Labeling Method
94. Question Answering Method
95. Summarization Method
96. Dialogue Systems Method
97. Conversational AI Method
98. Generative AI Method
99. Ethical AI Method
100. Explainable AI Method
101. Federated Learning Method
102. Transfer Learning Method
103. Meta-Learning Method
104. Multi-Agent Systems Method
105. Game Theory Method
106. Simulation Method
107. Optimization Method
108. Control Theory Method
109. Robotics Method
110. Autonomous Vehicles Method
111. Medical Diagnosis Method
112. Drug Discovery Method
113. Financial Modeling Method
114. Marketing Analytics Method
115. Educational Technology Method
116. Social Impact Measurement Method
117. Sustainability Assessment Method
118. Risk Management Method
119. Compliance Management Method
120. Project Management Method
121. Business Process Management Method
122. Organizational Development Method
123. Human Resources Management Method
124. Supply Chain Management Method
125. Customer Relationship Management Method

- 126. Sales Management Method
- 127. Marketing Management Method
- 128. Financial Management Method
- 129. Accounting Management Method
