

CALL FOR INVESTIGATION: SYSTEMIC WAR CRIMES & GLOBAL FINANCIAL COMPLICITY (1832–PRESENT)

Keywords: Skull and Bones, Project for the New American Century (PNAC), Operation Paperclip, Trading with the Enemy Act, Military-Industrial Complex, Institutional Impunity.

EXECUTIVE SUMMARY & KEY JUDGMENTS

- **Primary Judgment:** There exists a prima facie case for investigating the members of the Russell Trust Association (Skull and Bones) for systemic complicity in war crimes, specifically regarding the financing of the Third Reich, the post-war integration of Nazi assets (Operation Paperclip), and the ideological engineering of the Iraq War via PNAC.
- **Financial Complicity:** Declassified documents confirm that the Union Banking Corporation, led by Bonesman Prescott Bush, managed assets for Nazi financier Fritz Thyssen until 1942.
- **Technological Integration:** Evidence suggests the OSS/CIA "Bonesmen" network facilitated Operation Paperclip, ensuring that Nazi aerospace and chemical expertise were absorbed into the U.S. military-industrial complex rather than prosecuted at Nuremberg.
- **Ideological Engineering:** The Project for the New American Century (PNAC), featuring key Bonesmen and their associates, authored the "New Pearl Harbor" blueprint in 2000, which was executed following the 9/11 attacks.
- **Conclusion:** This report calls for a global tribunal to pierce the veil of "private association" and hold the network accountable under the Universal Declaration of Organic Rights (UDOR).

I. BACKGROUND / CONTEXT

Founded in 1832, Skull and Bones (Order 322) is more than a fraternity; it is a recruitment hub for the "Permanent Government." Its members have occupied the Presidency, the Supreme Court, and the leadership of the CIA since its inception. The core of this investigation focuses on the **financial bridge** between American elite capital and foreign "enemies of the state" to perpetuate a perpetual war economy.

II. METHODOLOGY

This report utilizes the **Scientific Intelligence Method**:

1. **Observation:** Identification of recurring "Bonesmen" in high-conflict/high-profit zones (Nazi Germany, Paperclip, PNAC).
2. **Hypothesis:** The network prioritizes the "Russell Trust" over national and international law, utilizing "Aggressive War" as a profit-generation tool.

3. **Collection:** Analysis of declassified Vesting Orders, SEC filings, PNAC manifestos (*Rebuilding America's Defenses*), and Operation Paperclip personnel records.
4. **Verification:** Cross-referencing membership rosters with corporate board seats and policy think tanks.
5. **Ethics:** Conducted under the mandate of the **Universal Declaration of Organic Rights** to eliminate predatory economic models.

III. LEGAL & POLICY CONSIDERATIONS: THE INDICTMENT

1. Financing Nazism & Operation Paperclip (Crimes Against Humanity)

- **Legal Basis:** *Trading with the Enemy Act* (50 U.S.C. App. § 1 et seq.) and *Nuremberg Principle VII (Complicity)*.
- **Evidence:** The seizure of **Union Banking Corporation** assets in 1942 (Vesting Order 248).
- **The Paperclip Link:** Following the war, the OSS—saturated with Bonesmen like **Richard Bissell** (Bones '32)—oversaw the extraction of Nazi scientists. This effectively granted immunity to war criminals in exchange for technological hegemony, a violation of the spirit of the Nuremberg Trials.

2. PNAC & The "New Pearl Harbor" (Aggressive War)

- **Legal Basis:** *The Rome Statute (Article 8 bis: Crime of Aggressive War)*.
- **Evidence:** The PNAC document *Rebuilding America's Defenses* (2000) stated that the process of transformation would be slow "absent some catastrophic and catalyzing event – like a new Pearl Harbor."
- **The Implementation:** Under the presidency of George W. Bush (Bones '68), the 9/11 attacks were used to implement the PNAC agenda, specifically the invasion of Iraq, which lacked a legal mandate from the UN Security Council.

IV. NETWORK & RELATIONSHIP MAPPING

- **Node A (The Tomb):** The central hub at Yale where "trust" is established through the sharing of vulnerabilities.
- **Node B (PNAC / AEI):** The think-tank nexus where Bonesmen and Neoconservative associates (Cheney, Rumsfeld, Wolfowitz) drafted the roadmap for Middle Eastern destabilization.
- **Node C (The Intelligence Community):** Historical control of the OSS/CIA by Bonesmen ensured that the "Paperclip" assets were integrated into clandestine operations (MK-Ultra, Aerospace) without public oversight.

V. ANALYTIC JUDGMENTS & IMPLICATIONS

- **Confidence Level:** **High** regarding the financial/Paperclip links; **High** regarding the PNAC ideological influence on the Iraq War.
- **Implication:** The "Bones" network functions as a sovereign entity within the state, using war as a mechanism to reset global financial and technological dominance.

VI. RECOMMENDATIONS FOR THE SOVEREIGN INVESTIGATOR

1. **Invoke UDOR:** Use the Universal Declaration of Organic Rights to demand a "Right to Truth" regarding the Paperclip-Skull and Bones connection.
2. **Audit PNAC Signatories:** Map every signatory of the 1997 PNAC Statement of Principles to their corporate and secret society affiliations.
3. **Global Audit:** Call for a financial audit of the "Bush Clan" assets to trace the \$1.5M liquidated in 1951 into modern defense-oriented hedge funds.
