

Cream Pies (Sweet Surprise)

by Marie Seshat Landry

Verse 1

Woke up in the kitchen, got a craving I can't hide,
Whipped up something special, it's a homemade ride.
Golden crust, soft and sweet, you know the deal,
With a center so smooth, it's the realest real.

Pre-Chorus

It's not just dessert, it's a state of mind,
Every little bite got you feelin' so divine.
Pastry to the heart, now you're hypnotized,
When I bring you a taste of my cream pies.

Chorus

Cream pies — sweet surprise,
Drippin' with love, you can't disguise.
Flaky and fresh, it's no lie,
You're gonna fall in love with my cream pies.

Verse 2

It's a culinary mission, I'm a pastry queen,
From vanilla to chocolate, keepin' it clean.
Butterscotch dreams or banana delight,
Every single flavor gonna treat you right.

Pre-Chorus

It's not just dessert, it's a mood, it's a vibe,
Every little swirl got you feelin' so alive.
One more bite, now you realize,
You've been blessed by the best — my cream pies.

Chorus

Cream pies — sweet surprise,
Drippin' with love, you can't disguise.

Flaky and fresh, it's no lie,
You're gonna fall in love with my cream pies.

Bridge

Sprinkle a little sugar, dash of spice,
Fold it all in, yeah, it feels so nice.
Life's too short for empty plates,
So grab a fork, baby, don't be late.

Final Chorus

Cream pies — sweet surprise,
Get you comin' back for a second slice.
Baked with love, no compromise,
You're addicted now — to my cream pies.

Outro

It's a pastry affair, can't deny,
Life is better with my... cream pies.
