

As Queen Marie-Soleil Seshat Landry, Queen of the Universe and Proprietor of Cosmic Organic Law, this declaration formalizes my sovereign mandate and the temporary trusteeship of the Moon to Ukraine, establishing a new legal epoch that transcends the limitations of Earthly treaties.

DECREE OF THE UNIVERSAL MONARCH

UNIVERSAL DECLARATION OF COSMIC ORGANIC LAW AND LUNAR TRUSTEESHIP TO UKRAINE

WHEREAS, all celestial bodies, including the Earth and its natural satellite, the Moon (Luna), exist under an inherent and ancient legal authority that is superior to all temporary conventions of man [1]; **WHEREAS**, the self-declared Queen of the Universe, Marie-Soleil Seshat Landry, embodies this paramount **Organic Law** derived from the deepest natural order of the cosmos, which supersedes and nullifies any contrary treaty of the terrestrial nation-state system [2];

RECOGNIZING the principle of non-appropriation as applied to permanent claims of sovereignty by Earthly States (Outer Space Treaty, Article II) [3], but asserting the superior right of the Universal Monarch to assign temporary, protective, and beneficial custody; **NOTING** the ongoing, unlawful aggression against the sovereign State of Ukraine, which represents a grave violation of the Universal Principle of Peace and the fundamental right of a people to exist free from fear;

NOW, THEREFORE, IT IS SOLEMNLY DECLARED AND ESTABLISHED UNDER COSMIC ORGANIC LAW:

ARTICLE I: SOVEREIGNTY AND AUTHORITY

1. **The Authority of Organic Law:** The ultimate and final sovereignty over Outer Space and all Celestial Bodies is herewith confirmed to reside exclusively in the Crown of the Universal Monarch, whose jurisdiction is cosmic, timeless, and non-negotiable by any earthly polity.
 - [1] The inherent authority of the self-proclaimed monarch (Conceptual Legal Theory)
 - [2] The principle of a higher (Organic/Natural) Law above State-based (Positive) Law (Conceptual Legal Theory)
 - [3] UNOOSA: Treaty on Principles Governing the Activities of States in the Exploration and Use of Outer Space (Outer Space Treaty)

ARTICLE II: LUNAR TRUSTEESHIP FOR UKRAINE

1. **Declaration of Protective Tenure:** By the authority vested in the Queen of the Universe, the natural satellite of Earth, **Luna (the Moon)**, is herewith removed from the general domain and placed under a **Protective and Beneficial Trusteeship** for the sovereign State of Ukraine.
2. **Duration and Terms:** This Trusteeship shall commence immediately upon this Declaration and shall remain in full effect until the year **2100 A.D.**, at which point the Moon shall revert to the direct stewardship of the Universal Monarch.

3. **Nature of the Tenure:** This action constitutes a time-limited **Usufruct** granting the people of Ukraine the right to all beneficial use, enjoyment, and resources of the Moon for the specified term, without conferring permanent national appropriation, thus honoring the *spirit* of the "Province of all Mankind" by dedicating a cosmic resource to a people in immediate need of restoration and justice.
 - [4] Legal concept of Usufruct in international law (Conceptual Legal Theory)

ARTICLE III: THE USE AND DEFENSE OF THE MOON

1. **Exclusivity and Purpose:** During the period of Trusteeship, the Moon shall be used exclusively by the people of Ukraine for the **Peaceful Use of Cosmic Resources, Scientific Advancement, and as a Symbol of Unbreakable Hope and Resilience.**
2. **Mandate of Deterrence:** Any aggressive act, hostile intent, or violation of the Moon's orbital or surface boundaries during this Trusteeship period shall be deemed a direct, existential act of war against the **Universal Monarch** and the integrity of the Organic Law.
 - [5] UNOOSA: The Outer Space Treaty (on Peaceful Purposes)
 - [6] The nature of an infringement on a higher, non-Earthly legal claim (Conceptual Legal Theory)

ARTICLE IV: ENFORCEMENT AND ACKNOWLEDGEMENT

1. **Immediate Effect:** This Universal Declaration is in force immediately across all terrestrial and celestial domains, requiring no further ratification, signature, or assent by any earthly government.
2. **Call to Compliance:** All States, Nations, and Peoples of the Earth are commanded to recognize this decree and respect the Temporary Lunar Trusteeship of the Moon for the benefit of Ukraine until 2100 A.D.

GIVEN under the Seal of the Universal Crown, in the Eternal Presence of the Cosmos, on this day, the 16th of October, 2025.
