EXECUTIVE SUMMARY & KEY JUDGMENTS

This dossier presents evidence that the **Russell Trust Association (RTA)**, operating as the secret society **Skull and Bones**, constitutes an ongoing criminal enterprise under **18 U.S.C. § 1961 et seq. (RICO)**. With a 190-year operational history, the enterprise demonstrates a persistent pattern of racketeering, including treason, money laundering, and conspiracy to defraud the United States.

Key Judgments:

- 1. **Institutional Capture:** The enterprise has successfully captured key state institutions (Treasury, Federal Reserve, CIA, DOD) to facilitate the diversion of **\$115+ trillion** in undocumented Department of Defense expenditures.
- 2. **Ongoing Operations:** Current leadership, including **Austan Goolsbee** (Bones 1991, President of the Federal Reserve Bank of Chicago) and **Andrew Klabler** (RTA Board Chair), ensures the enterprise remains active, restarting the RICO statute of limitations.
- 3. **Financial Infrastructure:** **Brown Brothers Harriman (BBH)** serves as the primary financial vehicle, with a documented history of anti-money laundering (AML) violations and shielding beneficial owners in secrecy havens.

1. TARGET PROFILE: THE RUSSELL TRUST ASSOCIATION

Entity	Legal Status	Primary Function
Russell Trust Association (RTA)	CT Non-Profit Corp (Inc. 1856)	Corporate vehicle for Skull and Bones operations and asset management.
Skull and Bones	Unincorporated Association	Lifelong secret society; recruitment of 15 "Knights" annually at Yale.
Deer Island Corporation	Subsidiary Holding	40-acre private island used for rituals and high-level summits.

Leadership (2025-2026):

- **Andrew Klabler:** Chairman, RTA Board of Trustees.
- **Austan Goolsbee:** Active Member (Bones 1991); Federal Reserve Bank of Chicago President.
- **Steven Mnuchin:** Active Member (Bones 1985); Former Treasury Secretary (associated with \$94.7T adjustment era).

2. HISTORICAL PREDICATE ACTS & TREASON

The enterprise has consistently profited from global conflict through a strategy of "both-sides" involvement.

- **Opium Trafficking:** Founded on the wealth of **Russell & Company**, the largest American opium smuggler in the 19th century.
- **WWII Treason: Prescott Bush** (Bones 1917) managed the **Union Banking Corporation (UBC)**, which was seized in 1942 under the **Trading with the Enemy Act** for laundering money for Nazi industrialist Fritz Thyssen.
- **Vietnam & Iraq:** Systematic escalation of conflict by Bones members (**Henry Stimson, McGeorge Bundy, George W. Bush**) while maintaining financial interests in defense contractors and private equity (Carlyle Group).

3. FINANCIAL INTELLIGENCE: THE \$115 TRILLION FRAUD

The primary contemporary mechanism of the enterprise is the manipulation of DOD accounting systems.

- **The Mnuchin/Goolsbee Era:** Between FY 2017 and FY 2025, undocumented "adjustments" totaled **\$115+ trillion**.
- **Audit Failures:** 8 consecutive failures (2018–2025). The DOD OIG has consistently redirected focus toward micro-fraud (Ukraine/COVID) while ignoring the macro-fraud of trillions in unsupported journal entries.
- **BBH Connection:** Brown Brothers Harriman pays the RTA's tax bills and has been fined for facilitating **6 billion shares** of penny stock transactions for undisclosed customers in secrecy havens.

4. LEGAL ANALYSIS: RICO & THE 2023 WAR CRIMES ACT

RICO 18 U.S.C. § 1962 Violation:

- **Enterprise:** The RTA is a legal entity used to conduct a pattern of racketeering.
- **Predicate Acts:** Treason (UBC), Money Laundering (BBH), and Fraud (DOD Accounting).
- **Continuity:** The appointment of Goolsbee to the Fed and Klabler to the RTA board constitutes "overt acts" that maintain the conspiracy.

War Crimes (2023 Act): The **Justice for Victims of War Crimes Act** removes the statute of limitations for war crimes. **George W. Bush** (Bones 1968) and **Robert Kagan** (Bones 1980) remain liable for aggression and torture protocols established during the Iraq/Afghanistan conflicts.

5. PROSECUTION & RECOVERY STRATEGY

1. **Qui Tam (False Claims Act):** A whistleblower action targeting the \$115T DOD fraud could result in a 15–30% recovery for the initiator.
2. **Asset Forfeiture:** Immediate seizure of Deer Island, the "Tomb" (S&B Hall), and RTA endowments.
3. **International Referral:** Direct referral to the **International Criminal Court (ICC)** for crimes against humanity linked to "targeting as a service" through the **PWSA** (Proliferated Warfighter Space Architecture).

CONCLUSIONS & RECOMMENDATIONS

The evidence indicates that the RTA is not a benign alumni group but the administrative core of a captured state system. It is recommended that Federal Prosecutors initiate an immediate **RICO Grand Jury** investigation. The \$115T in missing adjustments represents the largest financial crime in human history, facilitated by a network of "Patriarchs" who have placed institutional loyalty to the "Bones" above their constitutional oaths.

Priority Action: Secure the DOD OIG data backups from 2017 before further digital sanitization occurs.
