****Subject:** FORMAL PRIVACY COMPLAINT & CORRECTION REQUEST: Section 6(2) Breach - File #2015-1563259 and #2016-16067**

****To:** RCMP ATIP Coordinator / Privacy Senior Advisor**

****1. OBJECTIVE****

This is a formal complaint regarding a systemic breach of ****Section 6(2) of the Privacy Act****. The RCMP maintained falsified "Guilty" dispositions on my CPIC record for approximately ****3,285 days**** (9 years) for charges that were withdrawn by the court in 2016.

****2. DATA DISCREPANCY IDENTIFIERS****

*** **Charge 1:** Indecent Act (File #2015-1563259) – Status: Withdrawn 2016. CPIC incorrectly listed as "Guilty" until May 2023.**

*** **Charge 2:** Assault (File #2016-16067) – Status: Withdrawn 2016. CPIC incorrectly listed as "Guilty" until July 2025.**

****3. ADMISSION OF PROFESSIONAL NEGLIGENCE****

On September 26, 2023, ****Cpl. Yanick Soucy**** (Codiac RCMP) admitted in writing that these errors were the result of a ****Federal Public Service Employee (PSE)**** failing to update the dispositions correctly in 2016.

****4. THE JURISDICTIONAL DISPUTE****

I am placing the ATIP-AIPRP office on notice that the ****CRCC (Ref: 2023-2623)**** recently claimed the responsible party was a "municipal employee." The City of Moncton denies this. Regardless of the individual's specific employment contract, the ****RCMP is the data steward**** and is legally liable for the accuracy of information within its repositories.

****5. FORMAL DEMANDS****

Under the ***Privacy Act*** and in light of the ongoing ****Landry v. His Majesty the King**** litigation, I demand the following:

- **Immediate Audit Trail:**** Provide the logs showing every time my record was accessed by third-party agencies (border services, employers, police) while the falsified "Sex Offender" status was active.
- **Mediation Referral:**** As the RCMP internal units have refused to mediate based on "jurisdiction," I request that this file be escalated to the ****Department of Justice (DOJ) Legal Services Unit**** for the RCMP to initiate a settlement process for the 9-year defamation.
- **Confirmation of Correction:**** Written confirmation that all secondary and tertiary databases (including local police records and CPIC backups) have been synchronized to reflect the "Withdrawn" status.

****6. CLOSING****

The state's failure to audit its own data resulted in ****1,000 days of unlawful remand****. This email serves as formal notice that the RCMP cannot delegate its statutory duty for data accuracy to a "municipal" or "PSE" loophole.
