### PROTECTED

Inquiry number: I2403181

Dear Marie Seshat Landry,

This is further to your correspondence of September 11, 2024, to the Canadian Human Rights Commission (the Commission) requesting information on hate messages.

The Commission was established under the *Canadian Human Rights Act* (the Act) to address allegations of discrimination by federally regulated employers, unions and service providers. You can find an explanation of the Commission's mandate on our website: <https://www.chrc-ccdp.gc.ca/en>.

-

We have reviewed your correspondence, and it does not appear that the Commission is the appropriate organization to address your allegations concerning hate messages. Further, in 2013, the Parliament of Canada repealed the section of the Act (section 13) that prohibited the communication of messages or text, by telephone or on the internet, that are likely to expose a person or group of people to hatred or contempt in relation to a prohibited ground of discrimination. As such, the Commission no longer has jurisdiction to deal with complaints concerning hate messages.

We are sorry we could not provide a more positive response; however, we must work within the legal framework as it is laid out by the Act.

You may wish to contact the Civilian Review and Complaints Commission for the RCMP for your concerns related to the RCMP's failure to address your allegations.

Should you have any questions on the information provided please reply to this email.

Sincerely,

## Complaints Services

Canadian Human Rights Commission

I just received this today. I think the case is clear that nazism is a problem in Canada, with ineffective institutions. The problem is that there is a nazi club in Moncton and the RCMP lets it slide. Whats up with that? This is beyond me. Its not just a text i got containing hate, those were explicit calls for violence, war, insurrection and threats directed towards PM and POTUS as well as myself as a trans person and a liberal anti fascist. "Thule Society Moncton" the neo nazi cell in the making must be closed down by sending the psychopath for a mental check and good  pills and a couple of books on the horrors of fascism and the holocaust. We do NOT need "Thule Society" revival in Canada. That is the precursor to a canadian neo nazi party. This is unacceptable. Nazism must not be tolerated. Andrew roams free to this day scheming, with no charges, no mental health check, not even a visit from anyone. Nazism unchecked leads to innocent deaths. Andrew has called for people to be hung, asked me to fight for him, has signaled his intention to join a nazi faction in a problematic situation in Ukraine (Azov Battalion). This is not just a nazi. Thats a lurking nazi networker and neo nazi cell owner. His dark web shenanigans dont impress me. I will sue all the institutions, this is unconstitutional. We do not have an understanding of the facts of this case.
