

THE COMMON MISSION

A Global Briefing for Planet Earth

Mission2030

Marie Landry's Spy Shop — www.marielandryceo.com

Purpose

This document serves as a planetary intelligence directive. **The Common Mission** unites humanity under a shared agenda: the 17 United Nations Sustainable Development Goals (SDGs), to be achieved by the year 2030. These goals are the operating system for a just, sustainable, and peaceful world.

The 17 Global Goals

1. **No Poverty** – End extreme poverty everywhere.
2. **Zero Hunger** – Achieve food security and improved nutrition.
3. **Good Health and Well-being** – Ensure healthy lives for all.
4. **Quality Education** – Deliver lifelong learning and inclusive education.
5. **Gender Equality** – Empower women and girls; eliminate all forms of discrimination.
6. **Clean Water and Sanitation** – Universal access to safe water and sanitation.
7. **Affordable and Clean Energy** – Transition to renewable, reliable energy systems.
8. **Decent Work and Economic Growth** – Foster inclusive and sustainable economies.
9. **Industry, Innovation and Infrastructure** – Build resilient infrastructure and promote responsible innovation.
10. **Reduced Inequalities** – Close gaps in income, opportunity, and rights.
11. **Sustainable Cities and Communities** – Design inclusive, safe, resilient urban environments.
12. **Responsible Consumption and Production** – Ensure circular economies and zero waste.
13. **Climate Action** – Mitigate and adapt to climate change through urgent cooperation.

14. **Life Below Water** – Conserve oceans, seas, and marine resources.
15. **Life on Land** – Restore ecosystems, forests, and biodiversity.
16. **Peace, Justice and Strong Institutions** – Strengthen global rule of law and accountability.
17. **Partnerships for the Goals** – Revitalize multilateralism and inclusive alliances.

Spy Shop Directive

Marie Landry's **Spy Shop** supports global SDG awareness through ethical OSINT, AI monitoring (e.g., PeaceMakerGPT), and sustainability verification via **Google Organics** and **Bing Organics**. Our mission is to track, document, and empower action toward this global agenda—across governments, corporations, and civil society.

Planetary Call to Action

This is not optional. It is the minimum standard for survival and dignity.
Every nation. Every person. Every system. One planet. One mission.
