Request Overview

To initiate an Open Source Intelligence (OSINT) investigation, clearly state your objective and specify the scope of publicly accessible data you seek. All requests must align with ethical standards and legal boundaries.

Template Request

Example OSINT Request:

Can you conduct an OSINT investigation on [Target Name or Entity]? I'm looking for publicly available information such as:

- Web presence (official sites, domains, blogs)
- Social media profiles and activity
- Business records and affiliations
- News mentions or media coverage
- Domain registration (WHOIS)
- Public legal filings or financial data

Please use up-to-date, verifiable open sources only.

Disclaimer

This request is made strictly within the scope of ethical OSINT practices. Investigations conducted or requested via Marie Landry's Spy Shop must not violate privacy laws, involve hacking, or breach any terms of service of data platforms.
