SUBJECT: Operation "Gender Shield": Analysis of Vladimir Putin's Weaponization of Transphobic Propaganda as Justification for Kinetic Warfare Against "The Collective West."

DATE: 2025-11-29 **AUTHOR:** Marie-Soleil Seshat Landry, CEO & Spymaster, Marie Landry Spy Shop **REFERENCE ID:** MLSS-2025-VP-TP-01 **KEYWORDS:** [Russian Propaganda] [Hybrid Warfare] [Transphobia] [Geopolitics] [Psychological Operations] [Vladimir Putin]

I. EXECUTIVE SUMMARY & KEY JUDGMENTS

The Bottom Line: Vladimir Putin has successfully operationalized transphobia and anti-LGBTQ+ rhetoric not merely as a domestic social policy, but as a primary *casus belli* for the invasion of Ukraine and broader conflict with "The West."

Key Judgments:

1. **The "West" as a Strawman:** Putin defines "The West" not as a geographic or political entity, but as a spiritual pathogen. This allows him to categorize any nation opposing Russian expansionism—specifically Ukraine—as "infected" and thus a legitimate target for "cleansing."
2. **Existential Reframing:** By framing the existence of transgender people as an existential threat to the "Russian Soul" and "future generations," Putin elevates a territorial conquest (Ukraine) into a Holy War (*Svyaschennaya Voyna*). This bypasses rational cost-benefit analysis of the war's economic impact for his domestic audience.
3. **The "Satanism" Pivot:** In his September 2022 annexation speech, Putin explicitly equated Western gender norms with "pure Satanism," thereby positioning the Russian Armed Forces as the sole defenders of God and nature.
4. **Strategic Cynicism:** This rhetoric is a calculated psychological operation (PSYOP) designed to exploit conservative anxieties globally, creating a "Fifth Column" of sympathy within Western nations among far-right and traditionalist groups who might otherwise oppose Russian aggression.

II. SCOPE & INTELLIGENCE REQUIREMENTS

Scope: This report analyzes open-source intelligence (OSINT) regarding Vladimir Putin's rhetoric from 2021-2025, specifically focusing on the intersection of anti-transgender propaganda and military justification.

Intelligence Requirements (IRs):

1. How is "The West" defined in this specific propaganda narrative?
2. What are the specific Russian phrases used to dehumanize transgender individuals?
3. How does this rhetoric materially support the war effort in Ukraine?

III. TARGET PROFILE: VLADIMIR VLADIMIROVICH PUTIN

- **Role:** President of the Russian Federation.
- **Ideological Shift:** Transitioned from a pragmatist autocrat (2000-2012) to a messianic ethno-nationalist (2012-Present).
- **Psychological Driver:** Obsession with "Sovereignty" defined as total immunity from outside influence—cultural, legal, or spiritual. He views "Western values" (specifically individual bodily autonomy) as a breach of state sovereignty.
- **Modus Operandi:** "Mirror Politics" – Accusing enemies of what he is doing (e.g.,

accusing the West of dictatorship while running a police state).

IV. ANALYSIS OF "THE WEST" (THE UNDEFINED ENEMY)

The Construct: In Putin's worldview, "The West" (*Zapad*) is not a collection of democracies like France, Germany, or the US. It is a **parasitic elite entity**.

- **Who represents it?** According to Putin, it is the "Anglo-Saxons" (US/UK intelligence and military complex) and "Globalist Elites" who have hijacked European governments.
- **Who defends it?** In reality, "The West" is defended by NATO, the EU, and G7. In Putin's narrative, it is defended by "traitors" and "satanists" who hate their own people.
- **The Contradiction:** Putin claims the West is "weak and decadent" (due to diversity/gender rights) yet simultaneously "omnipotent and dangerous" (capable of destroying Russia). This is classic fascist rhetoric: the enemy is both weak and strong.

V. DIRECT QUOTES & TRANSLATION ANALYSIS

This section provides the "smoking gun" evidence of how gender rhetoric is weaponized.

1. The "Satanism" Justification (Annexation Speech)

Date: September 30, 2022 Context: Speech declaring the annexation of four Ukrainian regions.

English: "Do we really want, here, in our country, in Russia, instead of 'mum' and 'dad', to have 'parent number one', 'parent number two', 'parent number three'? Have they gone completely insane? ... Do we want children from elementary school to be imposed with things that lead to degradation and extinction? ... To be taught that there are other genders besides men and women, and to be offered sex change operations? ... This is a complete denial of man, the overthrow of faith and traditional values. Indeed, the suppression of freedom itself has taken on the features of a religion: **outright Satanism**."

Russian (Original): "Разве мы хотим, чтобы у нас, здесь, в нашей стране, в России, вместо мамы и папы был «родитель номер один», «номер два», «номер три»? Совсем спятили уже? ... Разве мы хотим, чтобы в наших школах с начальных классов детям навязывали извращения, которые ведут к деградации и вымиранию? ... Чтобы им вдалбливали, что кроме женщин и мужчин существуют ещё некие гендеры, и предлагали сделать операцию по смене пола? ... Это полное отрицание человека, ниспровержение веры и традиционных ценностей, подавление свободы приобретает черты религии: **наоборот, чистый сатанизм**."

Analysis: He links "parent number 1" (a bureaucratic term) directly to "extinction" and "Satanism." The war in Ukraine is thus framed as an exorcism.

2. The "Gender-Neutral God" (State of the Nation)

Date: February 21, 2023 Context: Justifying suspension of the New START nuclear treaty.

English: "Look at what they do to their own people: the destruction of the family, cultural and national identity, perversion, and the abuse of children are declared the norm... The Anglican Church is considering the idea of a gender-neutral God... They don't know what they are doing."

Russian (Original): "Посмотрите, что они делают со своими собственными народами: разрушение семьи, культурной и национальной идентичности, извращения, издевательства над детьми объявляются нормой... Англиканская церковь планирует

рассмотреть идею **гендерно-нейтрального Бога**... Не ведают, что творят."

Analysis: By mocking a theological debate in the UK, Putin signals to the Russian Orthodox base that the West has literally killed God, making nuclear escalation a "holy" necessity if required.

3. The "Monstrous Experiments" (Valdai Club)

Date: October 2021 Context: Pre-invasion philosophical signaling.

English: "It is nothing other than a crime against humanity when children are taught from a young age that a boy can easily become a girl... monstrous things when they break children's lives."

Russian (Original): "Это не что иное, как преступление против человечности, когда детей с малолетства учат, что мальчик может легко стать девочкой... **чудовищные вещи**, когда ломают жизнь детям."

VI. METHODOLOGY OF THE PSYOP

1. The "Golden Billion" Conspiracy: Putin argues that the "Golden Billion" (wealthy Westerners) promote transgender rights to induce sterility and reduce the global population, thereby hoarding resources. This conspiracy theory connects transphobia to anti-colonialism, appealing to the Global South.

2. Visual Propaganda (Digital Footprint):

- **Rybar & Grey Zone (Telegram):** Pro-war channels frequently post memes juxtaposing "manly" Russian soldiers with "weak" Western non-binary soldiers, captioning them "We fight for this vs. They fight for that."
- **State TV (Rossiya-1):** Propagandists like Vladimir Solovyov refer to Ukrainians as "LGBT-instructors" or "Sodomites."

VII. ANALYTIC JUDGMENTS & BRUTAL HONESTY

The Truth: Putin does not care about family values. He is a divorced man who hides his own children and mistresses. This rhetoric is a **tool**, not a belief system.

- **Why Trans People?** They are a vulnerable minority (0.5-1% of the population). They are an easy scapegoat because most Russians have never met one. It is cheap, effective populism.
- **The "West" Fallacy:** "The West" is not attacking Russian families. The West is buying Russian gas (until recently) and selling Russia luxury goods. Putin created the "West as Enemy" because he needed an external threat to justify his eternal rule.
- **The Trap:** Putin is lying to himself if he thinks this "Holy War" narrative will sustain a long war. While it works on the older generation (*Homo Sovieticus*), the younger generation, even in Russia, sees the absurdity of bombing Kharkiv to stop "Parent Number 1."

VIII. RECOMMENDATIONS & MITIGATION

For Western Policymakers:

1. **Don't Take the Bait:** Do not engage in theological debates with Putin. Ignore the "Satanism" claims. Focus on the war crimes (Bucha, Mariupol).
2. **Define "The West":** Stop letting Putin define you. "The West" is not a moral hegemon; it

is a coalition of law-abiding states protecting sovereignty. Rebrand the alliance as the "Coalition for Sovereign Integrity."

3. **Support Russian LGBTQ+ Voices:** They are the ultimate counter-intelligence asset. Their existence proves Putin's "monolith" is a lie.
