To: Soucy, Yanick (RCMP/GRC) <Yanick.Soucy@rcmp-grc.gc.ca>

Forwarded to Investigator Yanick Soucy in the context of PC 2023-1281916 and the failure of the RCMP to protect me and the country against threats of insurrection and hate towards me for being transgender lgbtq and a liberal. As well as hate directed at Joe Biden and claiming that Trudeau is a dead man walking? Can we not ignore the swastikas and investigate this guy? Give him a no-contact order at least and give him some psychological help. This man is a national and international security threat. We cannot tolerate nazism and white supremacist violent crap in Canada.

Subject: Urgent Concerns Regarding handling of Extremist Activities by Andrew Nelson(Christo) of Moncton NB, Canada

Dear Minister Mendicino, Codiac RCMP, CSIS, CIA # I hope this email finds you well. I am writing to bring to your attention a matter of significant concern regarding potential extremist activities within our community. I believe it is crucial that this issue receives immediate attention and appropriate action is taken. In recent years, I have encountered an individual named Andrew Nelson, who goes by the alias Andrew Christo on Facebook. Mr. Nelson's actions and statements have raised serious red flags, suggesting possible involvement in extremist ideologies, specifically those associated with hate groups. Among the concerning elements of Mr. Nelson's behavior are:

1. Expressions of Support for Extremist Ideologies: Mr. Nelson has made statements that appear to endorse extremist ideologies, including references to a fascist uprising, satanism and promotion of Nazism. He has also designed images that incorporate elements of satanism and Nazism for a new alt-right extremist group.
2. Threats Towards Public Figures: Mr. Nelson has made threats towards public figures, specifically Prime Minister Justin Trudeau, referring to him as a "dead man walking." Such threats raise concerns about the potential danger he may pose to public figures and society as a whole.
3. Creation of a New Extremist Group: Mr. Nelson appears to be involved in the formation of a new extremist group, which is deeply troubling given the potential for radicalization and violence

associated with such groups. I have reported these concerns to the Royal Canadian Mounted Police (RCMP) and the Canadian Security Intelligence Service (CSIS). However, there has been no visible action taken thus far, which is why I am reaching out to you directly. I believe that this situation requires immediate attention and thorough investigation. I respectfully request your assistance in ensuring that this matter is thoroughly investigated, and any necessary actions are taken to address the potential threats posed by Mr. Nelson's actions and associations. The safety and well-being of our community are of utmost importance, and I trust that your office will take this matter seriously. If there are any additional steps or information required from my end to facilitate this investigation, please do not hesitate to let me know. I appreciate your prompt attention to this matter and your commitment to upholding the safety and security of all Canadians. Thank you for your assistance and understanding. Sincerely, [Marie Landry]

Subject: Urgent Concern Regarding Threats and Hate Speech from Individual Identifying as Andrew

To Whom It May Concern, I am writing to express my deep concern about the recent messages I have received from an individual who identifies himself as Andrew. The content of these messages is not only offensive and hateful but also includes explicit threats towards myself, political figures, and the broader community. Given the alarming nature of the messages, I strongly urge that appropriate actions be taken to ensure the safety of all involved. The messages contain hate speech targeting my identity as a transgender individual and my political beliefs as a liberal. Andrew's rhetoric is particularly disturbing as he identifies himself as both a Nazi and a Satanist, using such ideologies to further spread hatred and intolerance. In addition to these unsettling claims, Andrew makes repeated references to insurrections in both Canada and the USA, hinting at potential violent actions. Andrew's fixation on prominent political figures, such as Prime Minister Trudeau and President Biden, is unsettling. He expresses extreme hatred towards them and even goes so far as to mention potential harm against them. His mention of a "new insurrection" raises concerns about his potential involvement in dangerous activities that could have serious consequences. Of even greater concern is Andrew possessing a crossbow, which adds an element of physical threat to his messages. It is evident from his messages that he requires psychological assistance (schizophrenia), as his views and expressions suggest a severely disturbed mindset. I strongly request that immediate

steps be taken to address this situation. I believe it is imperative to: 1. Initiate a thorough investigation into Andrew's online activities and potential affiliations. 2. Implement a no-contact order to prevent any direct communication between Andrew and myself. 3. Consider involving mental health professionals to assess his psychological state and potential threat level. 4. Inform appropriate law enforcement agencies about the perceived threats and potential dangers posed by Andrew's messages. I am sharing this information with the hope that appropriate actions will be taken to ensure the safety of myself, as well as the broader community that could potentially be affected by Andrew's disturbing rhetoric. Your attention to this matter is greatly appreciated. Sincerely, Marie Landry

I would like to see him (Andrew) charged and have a no contact order. He needs psychological help.

He might have a crossbow. Please read his message carefully as he spews hate to me about being trans and liberal. He also identifies himself as a nazi and a satanist, talks about an insurrection in canada and the usa, and writes hate about me, Trudeau and Biden.

that those who enslaved us, the ones who made us wear masks and the ones who tell us what to believe and what to do, that we will remember their faces, the people who liked the lockdown they are just a small minority, the majority doesn't think that way, people will remember all of them and the more rules they make the more we will want to take action. people are already standing hours and doing hours of research to find Trudeau everyday I see videos, of people standing in rain and snow because they know Trudeau is there and yell at him threaten him, and throw shit at him, he's had more than one person throw rocks at him, he's a dead man walking, the military act failed, there was and still is thousands upon thousands of people protesting in Ottawa that military act went out of effect, the military didn't want to keep going against their own people, there's even going to be an insurrection and a new government, and in America there's going to be a second insurrection, most US military members hate Biden, US military voting record shows most voted right wing, militarism is coming back, and even George Soros who backed Antifa, he is actually starting to switch his funding to patriot groups, and there's people that predicted this all and say that the world will go back to the way it used to be, LGBTQ loses sorry to say, but I am thankful for all this, because it was people who were liberal who always tried to get me to believe in their beliefs, I don't want to be forced to believe in transsexualism or liberalism, and I have seen the truth, all over the world people are standing against liberals, it's a revolution, liberals going to lose, the tyrants will be crushed, please, I find it offensive to hate right wing people, I side with them, I'm seeing videos of Antifa getting spat on and attacked, and even black people are attacking Antifa and parents are attacking transsexuals who promote it in kids, you lied to me, you are a brainwasher, and you are the real

authoritarian and you can threaten me all you want for saying this you can even attack me, but you can not stop the rise of the people who you oppressed, you an oppressor, you force people to accept you and your beliefs, please i dont want to be part of your repugnant beliefs, i have my own mind, and you cant stop us even black people dont like antifa and white liberals, and i dont mind you being trans but if being trans means that everyone has to be forced to accept it, then im not going to support them, every race is against what you do, and to be honest people fear you people muslims africans asians latinos, all fear you, only soccer moms and rich white liberals care about that shit, and theyre going to be defeated nostradamus and others predicted all of this and predicted that you guys falls and actually communism is older then national socialism, national socialism is the newest radical belief, its the newest philosophy people predicted it and predicted it rising nostradamus says by 2050 most of the world will be what you call nazi, and he predicted hitler napolean communism and he predicts it all coming back, and i believe this will come true, I am not being mean, just stating facts, and i talk to blacks online and in real life most of them dont like trudeau and most people make fun of liberals, i see a big change,
