ya well fuck you you are rat, and you are a cop caller which automacticly means that you are a rat. And i have every fucking right to believe in whatever i want. I think that if you want to ban my freedom of speech, then you are worse then a rat. You never took the time like i did, to research things for your self. Brazil is the 3rd country for having a lot of neo nazis, neo nazism is NOT what i believe in. That is defimation i never once called myself a neo nazi, cause i dont prescribe to calling myself that, i am true norse pagan national socialist, national socialism, beyond communism, it is social benefits, without the centrilized jewish run banking cartels, who by the way dont a fuck about some rat cheese eating tranny. You know what is going to happen? your going to have this back fire on you, you call me a neo nazi, is like calling me a witch? i am on the terrorist watch list, and to me i thank you because you make me sound like a super villian type nazi, neo nazi though?? i told you im an aryan satanic neo national socialist., OR spiritual aryan satanic national scoialist" yes there is a difference, brazil is 3rd place for being the 3rd country for having high neo nazis. America is the biggest it has 22 million nationalist socialist and neo nazis. We are growing, and soon we will have our day in the sun, and degenerats like you will be in ghettos with stars, and when we come and get you mother fuckers, you will be pissing yours pants scared of the white men loading up you degenerates in trucks and bussing you faggots down to the gas chamber, where faggot trannies like you belong. DONT WORRY BITCH!!! we will have room in the gas chamber for you, youll be first to go in. We are going to take back our countries and when we do we destroy all degenerates that undermine our morality and undermine our racial achievements. Our day is coming, you will never amount to anything but stupidity and a hatred against your own race, your fucking family and yourself parasites to us tanic warrior priest, my alias is high priest cobra rattle snake, and im her to deliver you to the might

they say the french are degenerate whites who are homo sexual degenerates, poisoning the minds of our fellow whites, hey you hate the white man, but before he came to the north american continent and the south american continent, were done by white european spaniards, and white european english irish and french built north america, mostly built by the english, but some parts were built by white french man. When these anti whites kill off the so called racists, then they will come for you, You dont understand, 60 million plus white people were slaughtered by communists, and that is far more then 6 million jews, when you realize that your white too, and stop dissing your own people, the greatest gift in life is the gift of your own people, your own race, your race is your exterior family your inner family is your mom and dads brothers and sisters, but your race is your community [Quoted text hidden]

i never wrote a website about you, and even if i am nazi, i still tried and understand your point of view, i had to hide beliefs from you because you are the one discriminating against me, you are the prejudice i actually was the one who listened to you, and try and take an interest in what you believed in even though i did not believe it myself, i have never physically harmed anyone espically black people but at the the same time i know that they can be a weapon used against my people, we have black allies as well, look up brazil national socialism, outside of germany in the 1930s and `1940s, brazil has had a high amount of national socialism, Nationalk Socialism is very interesting, its not just political movement its also a spriritual and racial movement aswell, i dont believe in christiantiy i hate christ just like how i hate marx, both are jews and both are systems of globablism. christianity and communist are both globalist, where as paganism is very racial, to the point where english pagan pre christian religions were wotanism, which is the belief in the english god "Wotan" that is the english mans true religiion, christ in christiantiy is a globalist religiion and was the pre cursor to communism

Advocating for genocide is a shameful crime. Its not a drug charge. Im nothing you say Andrew. You keep calling me nasty names. I can talk all i want. Want me to shut up? You should of left me alone.

Dont be a fucking nazi Andrew. Genocide isnt something to advocate for in 2025 in Canada. Thats highly illegal! Go smoke some weed or whatever!
At this point i will defend myself. If i see you near my living body be ready to be knocked out. You've been warned!

Unknown To address

How to Fix It

The address may be misspelled or may not exist. Try one or more of the following:

- Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose **Send Again** from the Report ribbon. In Outlook on the web, select this NDR, then select the link "**To send this message again, click here.**" Then delete and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don't select it. After typing the complete address, click **Send**.
- Contact the recipient (by phone, for example) to check that the address exists and is correct.
- The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.
- Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: [Fix email delivery issues for error code 5.1.10 in Office 365](#), and then send the message again. Retype the entire recipient address before selecting **Send**.

If the problem continues, forward this message to your email admin. If you're an email admin, refer to the **More Info for Email Admins** section below.

Was this helpful? [Send feedback to Microsoft](#).

More Info for Email Admins

Status code: 550 5.1.10

This error occurs because the sender sent a message to an email address hosted by Office 365 but the address is incorrect or doesn't exist at the destination domain. The error is reported by the recipient domain's email server, but most often it must be fixed by the person who sent the message. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

The email address exists and is correct - Confirm that the recipient address exists, is correct, and is accepting messages.

Synchronize your directories - If you have a hybrid environment and are using directory synchronization make sure the recipient's email address is synced correctly in both Office 365 and in your on-premises directory.

Errant forwarding rule - Check for forwarding rules that aren't behaving as expected.

Forwarding can be set up by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

Recipient has a valid license - Make sure the recipient has an Office 365 license assigned to them. The recipient's email admin can use the Office 365 admin center to assign a license (Users > Active Users > select the recipient > Assigned License > Edit).

Mail flow settings and MX records are not correct - Misconfigured mail flow or MX record settings can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

For more information and additional tips to fix this issue, see [Fix email delivery issues for error code 5.1.10 in Office 365](#).

Current Legal Framework

Section 318 of the Criminal Code defines advocating or promoting genocide as an indictable offence, punishable by up to five years’ imprisonment. This offence applies to actions intended to destroy, in whole or in part, any identifiable group, including acts such as killing members of the group or deliberately inflicting conditions calculated to bring about the group’s physical destruction.

Proposed Legislative Changes

In February 2024, the Canadian government introduced Bill C-63, known as the Online Harms Act, which proposed increasing the maximum penalty for advocating or promoting genocide to life imprisonment. However, this bill did not pass; it died on the order paper following the prorogation of Parliament in January 2025.

You still deserve 5+ Years SOLID.

Prove me wrong?

You threaten my life again and see where you end up.

You're disgusting.

Based on the communications documented in my report, here are the negative and potentially criminal elements:

Explicit Death Threats:

- "You should be put in a gas chamber"
- "I would love to hang you by a noose"
- "I want to slice fillets of your flesh and drink blood"
- "slit your throat"
- "hang you by a noose and remove your dick and balls with a hunting knife"

Threats of Physical Violence:

- "smash a 10 pound brick... smash your jaw into a million pieces"
- "I am going to find out who your family is and I am going to terrorize them as well"
- "beat the hell out of your weak father"
- "savagely beat your family"

Genocidal Advocacy:

- "Round up all the gays, lesbians and trannies... put them in gas chambers"
- "Destroy all the non-whites... put them feet first into a wood chipper"
- "We should round up the faggots, dykes, and trannies... put in gas chambers"
- "Mass graves... wood chipper... bodies of LGBTQ+"

Hate Speech Against Protected Groups:

- Anti-Black racial slurs and statements
- Anti-Jewish statements
- Anti-LGBTQ+ threats and slurs
- Calls for violence against minorities

Threats Against Law Enforcement:

- "if a cop tries to stop me... those fucking pigs will receive worse than you"

Threats of Animal Cruelty:

- "Buy a kitten... slit its throat as sacrifice"
- "Would get a baby and slit the baby's throat"

Stalking/Surveillance Threats:

- "I'll be looking for you"
- "I can find out real quick where your family lives"
- References to using "OSINT skills" to locate you

Defamatory Statements:

- Multiple false accusations and name-calling
- Attempts to damage reputation

This documentation appears to support multiple Criminal Code violations as outlined in my legal analysis...

You're giving me extra work Andrew. You're not going to kill me.
