IN THE FEDERAL COURT

**BETWEEN: JEAN-YVES LANDRY
(ALSO KNOWN AS MARIE-SOLEIL SESHAT LANDRY)**

Plaintiff

- and -

DEFENDANT: HIS MAJESTY THE KING

Defendant

STATEMENT OF CLAIM

I. THE PARTIES

1. The Plaintiff, Jean-Yves Landry (also known as Marie-Soleil Seshat Landry), is a resident of Moncton, New Brunswick, and the CEO of Landry Industries.
2. The Defendant is His Majesty the King, represented by the Attorney General of Canada, responsible for the actions of the Royal Canadian Mounted Police (RCMP).

II. STATEMENT OF FACTS

3. In October 2016, criminal charges against the Plaintiff (Indecent Act and Assault) were formally withdrawn in the Provincial Court of New Brunswick.
4. Despite this judicial withdrawal, the Defendant's agents erroneously recorded and maintained these charges as active "Guilty" convictions within the CPIC and PROS databases for approximately 2,555 days.
5. This falsified record was used by the RCMP and Crown to oppose bail, resulting in approximately 1,000 days of false imprisonment (unlawful remand).
6. While under the duress of this false record and unlawful detention, the Plaintiff was coerced into entering guilty pleas for secondary offenses to secure her liberty.
7. The administrative error was not corrected until May 2023 (Indecent Act) and July 2025 (Assault).

III. CAUSES OF ACTION

8. **Negligence:** The Defendant breached its duty of care to maintain accurate criminal records.
9. **Misfeasance in Public Office:** Agents of the Defendant acted with reckless indifference to the truth of the record to facilitate the Plaintiff's detention.
10. **Charter Violations:** The Plaintiff's rights under Sections 7 (Liberty), 11(d) (Presumption of Innocence), and 15 (Equality) were violated by the state's use of fabricated records.

IV. RELIEF SOUGHT

11. The Plaintiff claims:

- a) General Damages of \$10,000,000.00 for loss of liberty and psychological trauma;
- b) Aggravated Damages of \$2,000,000.00 for high-handed and malicious conduct;
- c) Punitive Damages of \$1,000,000.00 to denounce the systemic failure of CPIC data integrity.

DATED at Moncton, New Brunswick, this 20th day of May, 2026.
