Dear Sir/Madam,

I am writing to you as a former resident of the Restigouche Hospital Centre in Campbellton, New Brunswick, during the period covered by the class action settlement recently approved by the Court. My name is Marie Seshat Landry, and I believe that my experiences at the facility may fall within the scope of the class action lawsuit that your firm has so adeptly handled.

Throughout my stay, I endured significant hardships, including but not limited to physical assault by another patient, conversion therapy (which I understand to be illegal in Canada), misgendering, and mockery by staff members, discontinuation of my hormone therapy, deadnaming, and an unjustifiably prolonged stay due to a misdiagnosis that inaccurately treated my gender identity as a psychosis.

These experiences have left a lasting impact on my mental, emotional, and physical well-being. I am seeking your guidance on how to proceed with submitting a claim as part of the class action settlement. Moreover, I would appreciate your advice on whether my specific circumstances, particularly the conversion therapy and discrimination based on gender identity, would be eligible for compensation under the settlement or if separate legal action would be more appropriate.

I am aware that the settlement includes compensation for individuals who suffered physical or sexual assaults and additional compensation for other forms of mistreatment. Given the complexity of my case, I believe it is imperative to discuss the most effective course of action to seek justice and reparations for the wrongs I have suffered.

Please advise on the documentation and information you require from me to proceed. I am prepared to provide medical records, any relevant correspondence, and a detailed account of my experiences during my stay at the Restigouche Hospital Centre.

Thank you for your attention to this matter. I look forward to your guidance and assistance in navigating the next steps towards seeking justice and healing from the traumas inflicted upon me during my time at the Restigouche Hospital Centre.

Sincerely,

Marie Landry

Dear Marie Seshat Landry,

Thank you for your email. We are very sorry to hear about your experiences.

There are two types of claims available for Class Members under the Restigouche Hospital Centre Class Action Settlement: Section A and Section B. Please note that no supporting documentation (i.e. medical records or correspondence) is required to make a claim under the Settlement, except for claims for serious sexual assault (defined as Level 4 on page 2 of the Claim Form attached).

Section A Claims provide for a "Common Experience Payment" ranging from \$1,000 to \$5,000 depending on the length of the claimant's stay at RHC. The only requirement to make a Section A Claim is that the Claimant affirm they lived at RHC during the Class Period and sign the Claim Form.

Section B Claims provide compensation for physical and/or sexual abuse ranging from \$10,000 to \$85,000. Please review the Section B Compensation Grid on pages 2-3 of the Claim Form attached for a detailed summary of the types of abuse that may be compensable under the Settlement. Briefly, these include physical assault, use of physical or mechanical restraints for certain time periods, use of chemical restraints, placement in seclusion room, non-consensual sexual touching, and serious sexual assault. To your question, the Settlement does not provide specific compensation for conversion therapy and/or discrimination based on gender identity.

Please note that if you are a Class Member and did not opt-out of this Class Action by the applicable deadline, you are bound by the terms of the Settlement, which includes a broad release of Class Members' rights to bring individual legal actions against the Defendants named in the Class Action. Accordingly, if you do not wish to make a Claim under the Settlement and instead wish to pursue individual legal action against the Defendant, we advise that you consult with a lawyer as soon as possible to discuss your options in this regard. As Class Counsel, we are unable to provide any advice regarding individual legal action.

Should you wish to speak directly with one of our firms' lawyers, please let us know and we would be happy to connect you.

Regards,

Dear Communications Department,

Thank you for your comprehensive reply and for outlining the available claim types under the Restigouche Hospital Centre Class Action Settlement. I appreciate the clarity provided regarding the compensation structure for both Section A and Section B Claims.

Given the nature of my experiences at the Restigouche Hospital Centre, including the challenges I faced related to conversion therapy and discrimination based on gender identity, I understand that these specific issues are not directly compensable under the current settlement

terms. This is disappointing, considering the profound impact they've had on my well-being.

I am contemplating the best course of action to seek justice and appropriate reparations for the harms I have endured. Therefore, I would like to request a direct consultation with one of your firm's lawyers to discuss the potential for individual legal action. This conversation would greatly aid in understanding my options outside the class action settlement, especially in light of the broad release of rights it entails.

Please advise on the availability of your legal team for such a discussion. I am prepared to provide further details and documentation as required to facilitate this process.

Thank you once again for your guidance and assistance. I look forward to your prompt response to arrange a meeting or call at your earliest convenience.

Sincerely,

Marie
