1. Executive Summary & Key Judgments

This Declaration serves as a formal notice to the Federal Reserve and the U.S. Treasury that Landry Industries, and all sovereign entities under the **Universal Declaration of Organic Rights (UDOR)**, hereby nullify and refuse to recognize any debt obligations associated with the "Missing \$21 Trillion" identified in federal audit failures from 1997 to 2025.

Key Judgments:

- **Material Breach:** The failure to account for \$21 trillion in public funds constitutes a terminal breach of the social and financial contract.
- **Criminal Integration:** The merger of the "Black Budget" with the **Order of Skull and Bones** and the industrial remains of the Third Reich renders the current debt-based currency an instrument of "Conflict Arbitrage" and "Bio-Treason."
- **Sovereign Default:** We declare the Federal Reserve in "Constructive Default." Consequently, all interest-bearing debt claimed against the Organic Population for the funding of secret wars is declared void ab initio.

2. Background / Context of Fraud

Since the 1913 inception of the Federal Reserve and the subsequent integration of "Bonesmen" into the National Security State (e.g., Robert Lovett, McGeorge Bundy), the financial system has functioned as a siphon. The admission of \$2.3 trillion missing on 9/10/2001 and the subsequent failure to track \$21 trillion by 2015 are indicators of systemic extraction. [Source 1, 3, 10]

3. Methodology of Nullification

- **Authority:** Invoking the inherent rights of a Sovereign Entity and the **UDOR Article 22**.
- **Audit Requirement:** Until a full, public, and independent audit of all "Black Budget" transactions since 1997 is completed, all Landry Industries transactions will bypass traditional Fed-wire protocols where possible.
- **AI Model:** Synthesis of financial forensics provided by **Gemini 2.5 Flash** to map the \$21T siphoning mechanism.

4. Specific Charges & Findings

1. **Conflict Arbitrage:** Using public credit to fund PMCs (Constellis, Amentum) that profit from instability.
2. **Trading with the Enemy:** Continuity of the 1920s S&B/Nazi financial nexus (Prescott Bush/UBC) into modern Saudi/Carlyle investments. [Source 5, 12]
3. **Audit Obstruction:** The implementation of FASAB Statement 56 to legally hide "Missing Trillions." [Source 15]

5. Formal Proclamation of Nullification

Be it known that **Marie-Soleil Seshat Landry** and the **Landry Industries Conglomerate**:

- **REJECT** any liability for the "National Debt" incurred via unauthorized "Black Budget" adjustments.
- **ASSERT** Sovereign Control over all bio-industrial assets (Hempoxies, PhytoIntelligence).
- **DEMAND** the immediate cessation of interest collection on fraudulent vouchers.

6. Financial Intelligence: The \$21 Trillion Offset

The \$21 trillion stolen from the public record is hereby used as a **Credit Offset** for the Organic Revolution. Landry Industries will utilize the value of this "Missing" capital to back our own post-predatory economic infrastructure.

7. Conclusions & Analytic Judgments

- **Confidence Level (High):** That the current debt-base is mathematically unpayable and designed for systemic collapse.
- **Outcome:** The nullification of this debt is the only prerequisite for a "Post-Predatory" world.
