

Here is a list of rights and laws for the UDOR of 2024.

****Universal Declaration of Organic Rights (UDOR) 2024****

1. Right to a clean and sustainable environment
2. Right to access safe and clean drinking water
3. Right to protection from environmental pollution
4. Right to participate in environmental decision-making
5. Right to access and share benefits from natural resources
6. Right to ethical treatment of animals
7. Right to conservation and preservation of biodiversity
8. Right to humane practices in animal farming
9. Right to protect endangered species
10. Right to wildlife habitat conservation
11. Right to self-defense and personal safety
12. Right to access organic food
13. Right to vegan food options
14. Right to freedom from hunger and malnutrition
15. Right to access basic healthcare services
16. Right to digital privacy and data protection
17. Right to be forgotten online
18. Right to secure and private communication
19. Right to protection from digital surveillance
20. Right to control personal digital data
21. Right to ethical use of AI and robotics
22. Right to access and benefit from technological advancements
23. Right to digital literacy and education
24. Right to protection from technological discrimination
25. Right to transparency in AI decision-making
26. Right to legal recognition of same-sex relationships
27. Right to non-discrimination based on sexual orientation and gender identity
28. Right to gender-affirming healthcare
29. Right to legal gender recognition
30. Right to protection from hate crimes and violence
31. Right to consensual sex work
32. Right to health and safety measures in sex work
33. Right to legal protection and recognition for sex workers
34. Right to freedom from exploitation and trafficking
35. Right to access social and legal services
36. Right to equality and non-discrimination
37. Right to affirmative action for marginalized groups
38. Right to equal pay and workplace equality
39. Right to protection from social stigma and stereotyping
40. Right to access public services and amenities

41. Right to sustainable development and eco-friendly practices
42. Right to access renewable energy resources
43. Right to participate in community-based sustainability initiatives
44. Right to support for sustainable agriculture
45. Right to education on environmental sustainability
46. Right to sanitation and hygienic living conditions
47. Right to protection from water pollution
48. Right to equitable distribution of water resources
49. Right to access water for personal and domestic use
50. Right to community management of water services
51. Right to live in a sustainable urban environment
52. Right to access public transportation
53. Right to participate in urban planning decisions
54. Right to green spaces in urban areas
55. Right to pedestrian-friendly city planning
56. Right to preserve cultural heritage and identity
57. Right to protection of traditional knowledge
58. Right to access cultural resources
59. Right to participate in cultural life
60. Right to freedom from cultural appropriation
61. Right to freedom of speech and expression
62. Right to artistic freedom
63. Right to access information
64. Right to a free press
65. Right to protest and public demonstration
66. Right to a fair and impartial legal system
67. Right to legal representation
68. Right to protection from unjust laws
69. Right to access public legal information
70. Right to legal aid and support
71. Right to mental health care
72. Right to protection from health-related discrimination
73. Right to informed consent in medical treatment
74. Right to access essential medicines
75. Right to health education and awareness
76. Right to protection from hate speech and extremist propaganda
77. Right to counteract radicalization and extremism
78. Right to rehabilitation from extremist ideologies
79. Right to governmental transparency in countering extremism
80. Right to community-based peacebuilding initiatives
81. Right to celebrate and express diverse cultural identities
82. Right to protection from cultural discrimination
83. Right to intercultural dialogue and understanding
84. Right to respect for multiculturalism in policymaking

85. Right to inclusion in multicultural education
86. Right to benefit from economic growth
87. Right to protection from economic exploitation
88. Right to equitable distribution of economic resources
89. Right to access to financial services
90. Right to participate in economic decision-making
91. Right to social security and support systems
92. Right to protection from social exclusion
93. Right to family life and community belonging
94. Right to access recreational and leisure activities
95. Right to social justice and equality
96. Right to adaptability in legal frameworks
97. Right to international cooperation in law enforcement
98. Right to community involvement in legal reforms
99. Right to resilience in the face of legal challenges
100. Right to continuous legal education and awareness
101. Right to anticipate and adapt to future legal challenges
102. Right to innovation in legal solutions
103. Right to proactive measures in lawmaking
104. Right to integrate emerging technologies in legal processes
105. Right to inclusivity in future legal trends
106. Right to Digital Autonomy
107. Right to Accessible Education
108. Right to Clean Energy
109. Right to Cultural Expression
110. Right to Safe Public Spaces
111. Right to Indigenous Land Rights
112. Right to Fair Trade Practices
113. Right to Internet Access
114. Right to Disability Accommodations
115. Right to Age Discrimination Protection
116. Right to Digital Literacy
117. Right to Sustainable Agriculture
118. Right to Genetic Privacy
119. Right to Mental Health Days
120. Right to Universal Basic Income
121. Right to Free Movement
122. Right to Consumer Data Protection
123. Right to Artistic Freedom
124. Right to Sustainable Urban Development
125. Right to Participate in Scientific Advancement
126. Right to Protection from Algorithmic Bias
127. Right to Sustainable Transportation
128. Right to Community Gardens

129. Right to Legal Recognition of Non-Binary Genders
130. Right to Protection from Deepfakes
131. Right to Access to Justice for All
132. Right to Digital Inclusion
133. Right to Ecological Conservation
134. Right to Fair Housing
135. Right to Protection from Mass Surveillance
136. Right to Ethical Consumerism
137. Right to Global Health Initiatives
138. Right to Privacy in Personal Communications
139. Right to Protection from Cyberbullying
140. Right to Sustainable Fashion
141. Right to Climate Change Mitigation Efforts
142. Right to Fair Immigration Practices
143. Right to Legal Protection for Whistleblowers
144. Right to Freedom from Food Insecurity
145. Right to Accessible Mental Health Services
146. Right to Protection from Technological Unemployment
147. Right to Responsible Media Reporting
148. Right to Data Sovereignty
149. Right to Preservation of Traditional Medicines
150. Right to Equal Access to Sports
151. Right to Preservation of Natural Cycles
152. Right to Protection of Atmospheric Stability
153. Right to Conservation of Natural Light
154. Right to Sustainable Energy Practices
155. Right to Protect Natural Phenomena
156. Right to Ethical Development and Use of Emerging Technologies
157. Right to Protection from Autonomous Systems
158. Right to Access Space Resources
159. Right to Protection from Space Hazards
160. Right to Digital Existence
161. Right to Cognitive Liberty
162. Right to Future Biological Diversity
163. Right to Fair Access to Virtual and Augmented Realities
164. Right to Protection from Climate Engineering Risks
165. Right to Participate in Planetary Defense
166. Right to Sustainable Off-Earth Settlements
167. Right to Ethical Treatment of Advanced AI
168. Right to Safeguard from Deepfake Technology
169. Right to Data Generated by IoT Devices
170. Right to Long-term Preservation of Digital Information
171. Right to Global Peace and Conflict Resolution
172. Right to Preservation of Cultural and Natural Heritage for Future Generations

173. Right to Global Education and Cultural Exchange
174. Right to Intergenerational Equity
175. Right to Global Humanitarian Efforts
176. Right to Planetary Stewardship
177. Right to Universal Access to Healthcare and Education
178. Right to Collaborative Space Exploration
179. Right to Sustainable Global Economy
180. Right to Preservation and Promotion of Global Biodiversity
181. Right to Don't Eat the Yellow Snow
182. Right to Maintain a Healthy Gut Microbiome
183. Right to Commune with Nature
184. Right to Appreciate the Majesty of a Starry Night Sky
185. Right to Enjoy the Simple Pleasures in Life
186. Right to Cultivate a Green Thumb
187. Right to Embrace the Wisdom of Ancient Civilizations
188. Right to Explore the Mysteries of the Universe
189. Right to Harmonize with the Rhythms of the Earth
190. Right to Nurture the Delicate Balance of Ecosystems
191. Right to Respect the Intrinsic Value of All Living Beings
192. Right to Advocate for the Rights of Future Generations
193. Right to Uphold the Sanctity of Traditional Knowledge
194. Right to Promote Spiritual and Emotional Well-being
195. Right to Engage in Mindful Practices and Meditation
196. Right to Celebrate the Diversity of Global Cultures
197. Right to Protect the Fragile Beauty of Untouched Wilderness
198. Right to Utilize Renewable and Regenerative Resources
199. Right to Embrace Sustainable Design and Architecture
200. Right to Develop Symbiotic Relationships with the Natural World
201. Right to Ethical and Sustainable Urban Mining
202. Right to Sustainable and Ethical Geoengineering
203. Right to Ethical and Sustainable Space Resource Utilization
204. Right to Sustainable and Ethical Quantum Computing
205. Right to Ethical and Sustainable Biotechnology
206. Right to Sustainable and Ethical Nanotechnology
207. Right to Ethical and Sustainable Blockchain Applications
208. Right to Sustainable and Ethical 3D Printing
209. Right to Ethical and Sustainable Synthetic Biology
210. Right to Sustainable and Ethical Augmented and Virtual Reality
211. Right to Ethical and Sustainable Brain-Computer Interfaces
212. Right to Sustainable and Ethical Neural Network Development
213. Right to Ethical and Sustainable Quantum Sensing
214. Right to Sustainable and Ethical Autonomous Systems
215. Right to Ethical and Sustainable Neurotech Applications
216. Right to Sustainable and Ethical Renewable Energy Storage

217. Right to Ethical and Sustainable Carbon Capture and Utilization
218. Right to Sustainable and Ethical Biofuel Production
219. Right to Ethical and Sustainable Hydrogen Economy
220. Right to Sustainable and Ethical Geothermal Energy
221. Right to Ethical and Sustainable Hydropower
222. Right to Sustainable and Ethical Wind Energy
223. Right to Ethical and Sustainable Solar Energy
224. Right to Sustainable and Ethical Tidal and Wave Energy
225. Right to Ethical and Sustainable Biomass Energy
226. Right to Sustainable and Ethical Fusion Energy
227. Right to Ethical and Sustainable Thorium and Molten Salt Reactors
228. Right to Sustainable and Ethical Advanced Nuclear Technologies
229. Right to Ethical and Sustainable Distributed Energy Systems
230. Right to Sustainable and Ethical Smart Grid Technologies
231. Right to Ethical and Sustainable Battery and Energy Storage
232. Right to Sustainable and Ethical Hydrogen Transportation
233. Right to Ethical and Sustainable Electric Vehicles
234. Right to Sustainable and Ethical Autonomous Mobility
235. Right to Ethical and Sustainable Hyperloop and Mag-Lev Systems
236. Right to Sustainable and Ethical Aerial and Space Transportation
237. Right to Ethical and Sustainable Shipping and Logistics
238. Right to Sustainable and Ethical Railway Systems
239. Right to Ethical and Sustainable Bicycle and Pedestrian Infrastructure
240. Right to Sustainable and Ethical Intercity and Rural Mobility
241. Right to Ethical and Sustainable Urban Air Mobility
242. Right to Sustainable and Ethical Ride-Sharing and Micromobility
243. Right to Ethical and Sustainable Shared Autonomous Vehicles
244. Right to Sustainable and Ethical Intelligent Transportation Systems
245. Right to Ethical and Sustainable Drone and UAV Applications
246. Right to Sustainable and Ethical Hyperscale Data Centers
247. Right to Ethical and Sustainable Edge Computing
248. Right to Sustainable and Ethical 5G and 6G Networks
249. Right to Ethical and Sustainable Satellite and Space-based Communications
250. Right to Sustainable and Ethical Internet of Things (IoT)
251. Right to Ethical and Sustainable Precision Agriculture
252. Right to Sustainable and Ethical Vertical Farming
253. Right to Ethical and Sustainable Aquaponics and Hydroponics
254. Right to Sustainable and Ethical Permaculture Practices
255. Right to Ethical and Sustainable Urban Foraging
256. Right to Sustainable and Ethical Agroforestry
257. Right to Ethical and Sustainable Organic Pest Management
258. Right to Sustainable and Ethical Soil Restoration and Enhancement
259. Right to Ethical and Sustainable Water Conservation and Recycling
260. Right to Sustainable and Ethical Desalination and Water Treatment

261. Right to Ethical and Sustainable Wetland and Mangrove Protection
262. Right to Sustainable and Ethical Watershed Management
263. Right to Ethical and Sustainable Groundwater Protection
264. Right to Sustainable and Ethical Rainwater Harvesting
265. Right to Ethical and Sustainable Wastewater Treatment and Reuse
266. Right to Sustainable and Ethical Flood and Drought Management
267. Right to Ethical and Sustainable Watershed Restoration
268. Right to Sustainable and Ethical Marine Protected Areas
269. Right to Ethical and Sustainable Coral Reef Conservation
270. Right to Sustainable and Ethical Seagrass and Kelp Forest Protection
271. Right to Ethical and Sustainable Fisheries and Aquaculture
272. Right to Sustainable and Ethical Whaling and Cetacean Conservation
273. Right to Ethical and Sustainable Marine Mammal Protection
274. Right to Sustainable and Ethical Sea Turtle Conservation
275. Right to Ethical and Sustainable Shark and Ray Protection
276. Right to Sustainable and Ethical Seabird Conservation
277. Right to Ethical and Sustainable Mangrove and Coastal Wetland Restoration
278. Right to Sustainable and Ethical Ocean Acidification Mitigation
279. Right to Ethical and Sustainable Deep-Sea Mining
280. Right to Sustainable and Ethical Ocean Plastic Cleanup
281. Right to Ethical and Sustainable Marine Renewable Energy
282. Right to Sustainable and Ethical Ocean-based Carbon Sequestration
283. Right to Ethical and Sustainable Coastal Resilience and Adaptation
284. Right to Sustainable and Ethical Integrated Ocean Management
285. Right to Ethical and Sustainable Offshore Wind and Wave Energy
286. Right to Sustainable and Ethical Marine Ecotourism
287. Right to Ethical and Sustainable Marine Bioprospecting
288. Right to Sustainable and Ethical Ocean Thermal Energy Conversion
289. Right to Ethical and Sustainable Mariculture and Algae Cultivation
290. Right to Sustainable and Ethical Marine Spatial Planning
291. Right to Ethical and Sustainable Marine Habitat Restoration
292. Right to Sustainable and Ethical Marine Genetic Resource Sharing
293. Right to Ethical and Sustainable Deep-Sea Exploration
294. Right to Sustainable and Ethical Marine Renewable Energy Integration
295. Right to Ethical and Sustainable Ocean Acidification Monitoring
296. Right to Sustainable and Ethical Marine Spatial Data Infrastructure
297. Right to Ethical and Sustainable Marine Renewable Energy Hybridization
298. Right to Sustainable and Ethical Marine Renewable Energy Storage
299. Right to Ethical and Sustainable Offshore Floating Solar Photovoltaics
300. Right to Sustainable and Ethical Marine Renewable Energy Transmission
301. Right to Ethical and Sustainable Ecotourism and Nature-Based Tourism
302. Right to Equitable Access to Eco-Lodges and Sustainable Accommodations
303. Right to Sustainable and Ethical Wildlife Viewing and Photography
304. Right to Protection from Overtourism and Damage to Fragile Ecosystems

305. Right to Participatory Eco-Tourism Planning and Decision-Making
306. Right to Ethical and Sustainable Cultural Heritage Tourism
307. Right to Respect for Indigenous Tourism Practices and Knowledge
308. Right to Fair and Equitable Distribution of Ecotourism Benefits
309. Right to Environmental Impact Assessments for Tourism Development
310. Right to Sustainable and Ethical Adventure Tourism Activities
311. Right to Ecologically-Sensitive Design of Tourism Infrastructure
312. Right to Ethical and Sustainable Extraction of Genetic Resources
313. Right to Fair and Equitable Benefit-Sharing from Bioprospecting
314. Right to Protection of Traditional Knowledge on Medicinal Plants
315. Right to Sustainable and Ethical Cultivation of Medicinal Flora
316. Right to Access to Traditional and Indigenous Healing Practices
317. Right to Equitable Representation of Traditional Medicines
318. Right to Protection from Biopiracy and Unfair Appropriation
319. Right to Ethical and Sustainable Natural Product Development
320. Right to Participatory Governance
321. Right to Participatory Governance of Bioresource Utilization
322. Right to Environmental Peacebuilding and Conflict Resolution
323. Right to Protection from Environmental Terrorism and Ecocide
324. Right to Reparations for Ecological Damage and Destruction
325. Right to Equitable Distribution of Benefits from Environmental Restoration
326. Right to Participatory Monitoring and Evaluation of Environmental Initiatives
327. Right to Environmental Whistle-Blower Protection and Support
328. Right to Legal Recognition of the Rights of Nature and Ecosystems
329. Right to Intergenerational Ecological Knowledge Transmission
330. Right to Ethical and Sustainable Space-based Earth Observation
331. Right to Equitable Access to Satellite Data for Environmental Monitoring
332. Right to Protection from Space-based Environmental Manipulation
333. Right to Responsible and Sustainable Space Debris Mitigation
334. Right to Ethical and Sustainable Space Mining and Resource Extraction
335. Right to Participatory Governance of Extraterrestrial Environments
336. Right to Ecological Restoration and Planetary Terraforming
337. Right to Equitable Sharing of Benefits from Extraterrestrial Exploration
338. Right to Environmental Impact Assessments for Space Activities
339. Right to Protection of Extraterrestrial Biomes and Ecosystems
340. Right to Sustainable and Ethical Interplanetary Ecological Transfer
341. Right to Ethical and Sustainable Closed-Loop Space Resource Utilization
342. Right to Equitable Access to Extraterrestrial Renewable Energy Sources
343. Right to Participatory Space Environmental Governance and Policymaking
344. Right to Ethical and Sustainable Planetary Defense Against Asteroids
345. Right to Extraterrestrial Habitat Design Prioritizing Ecological Integration
346. Right to Protection of Undiscovered or Indigenous Extraterrestrial Life
347. Right to Responsible and Sustainable Exploration of Exoplanets
348. Right to Ethical and Sustainable Space Tourism and Recreation

349. Right to Equitable Distribution of Benefits from Space-based Resources
350. Right to Peaceful and Cooperative Utilization of Outer Space
351. Right to Ethical and Sustainable AI-Powered Environmental Monitoring
352. Right to Participatory AI Governance for Ecological Decision-Making
353. Right to Protection from AI-Driven Environmental Exploitation and Harm
354. Right to Equitable Access to AI-Enabled Environmental Solutions
355. Right to AI-Assisted Natural Resource Management and Conservation
356. Right to Ethical and Sustainable AI in Precision Agriculture and Forestry
357. Right to AI-Powered Early Warning Systems for Environmental Disasters
358. Right to AI-Driven Ecosystem Restoration and Rewilding Initiatives
359. Right to Ethical and Sustainable AI in Water Resource Management
360. Right to AI-Enabled Predictive Modeling for Climate Change Mitigation
361. Right to Participatory AI Development for Environmental Justice
362. Right to AI-Powered Environmental Impact Assessments and Audits
363. Right to Ethical and Sustainable AI in Renewable Energy Grid Management
364. Right to AI-Assisted Sustainable Urban and Regional Planning
365. Right to AI-Enabled Environmental Education and Citizen Science
366. Right to Ethical and Sustainable AI in Waste Management and Recycling
367. Right to AI-Powered Environmental Compliance and Enforcement
368. Right to Equitable Access to AI-Driven Environmental Decision Support
369. Right to AI-Assisted Environmental Monitoring and Anomaly Detection
370. Right to Ethical and Sustainable AI in Environmental Policy Development
371. Right to AI-Powered Environmental Pollution and Emissions Tracking
372. Right to Participatory AI Governance for Ecological Restoration Projects
373. Right to Ethical and Sustainable AI in Sustainable Mobility and Transport
374. Right to AI-Enabled Environmental Risk Assessment and Mitigation
375. Right to AI-Powered Environmental Microplastics and Nanomaterial Tracking
376. Right to Ethical and Sustainable AI in Sustainable Aquaculture and Fisheries
377. Right to AI-Assisted Environmental Monitoring and Enforcement in Oceans
378. Right to Equitable Access to AI-Driven Marine Habitat Mapping and Monitoring
379. Right to Ethical and Sustainable AI in Offshore Renewable Energy Management
380. Right to AI-Powered Environmental Disaster Response and Resilience Planning
381. Right to Fair and Equitable Access to Environmental Data and Information
382. Right to Participatory Community-Based Environmental Monitoring
383. Right to Ethical and Sustainable Environmental Remediation Technologies
384. Right to Protection from Environmental Displacement and Forced Migration
385. Right to Equitable Access to Environmental Mitigation and Adaptation Funds
386. Right to Involvement in Global Environmental Governance and Policymaking
387. Right to Environmental Education and Literacy for All
388. Right to Inclusive Environmental Decision-Making and Impact Assessments
389. Right to Ethical and Sustainable Environmental Biotechnology Applications
390. Right to Regenerative and Nature-Based Urban Infrastructure Development
391. Right to Equitable Access to Green Public Spaces and Recreational Areas

392. Right to Protection from Environmental Gentrification and Displacement
393. Right to Ethical and Sustainable Ecosystem Services Valuation and Accounting
394. Right to Community-Driven Environmental Stewardship and Conservation
395. Right to Equitable Benefit-Sharing from Ecosystem Services and Resources
396. Right to Environmental Liability and Corporate Accountability
397. Right to Environmental Rights Advocacy and Whistleblower Protection
398. Right to Restorative Environmental Justice and Reparations
399. Right to Ethical and Sustainable Environmental Entrepreneurship
400. Right to Environmental Personhood and Legal Rights of Nature
401. Right to Environmental Citizen Science and Participatory Research
402. Right to Ethical and Sustainable Environmental Data Governance
403. Right to Protection from Environmental Racism and Discrimination
404. Right to Community-Driven Disaster Risk Reduction and Response
405. Right to Equitable Access to Environmental Legal Resources and Remedies
406. Right to Ethical and Sustainable Ecological Restoration and Rewilding
407. Right to Intergenerational Environmental Knowledge Transfer and Education
408. Right to Environmental Mental Health and Ecotherapeutic Interventions
409. Right to Ethical and Sustainable Environmental Consciousness-Raising
410. Right to Participatory Governance of Geoengineering and Climate Interventions
411. Right to Equitable Access to Environmental Innovation and Technology
412. Right to Protection from Environmental Disinformation and Greenwashing
413. Right to Community Environmental Empowerment and Self-Determination
414. Right to Ethical and Sustainable Environmental Diplomacy and Cooperation
415. Right to Equitable Global Environmental Burden-Sharing and Responsibility
416. Right to Participatory Environmental Policymaking and Law Enforcement
417. Right to Ethical and Sustainable Environmental Commemoration and Memorials
418. Right to Environmental Solidarity, Mutual Aid, and Community Resilience
419. Right to Ethical and Sustainable Environmental Governance Frameworks
420. Right to Environmental Refugees and Displacement Mitigation Assistance
421. Right to Equitable Access to Environmental Education and Skill-Building
422. Right to Ethical and Sustainable Environmental Philanthropy and Funding
423. Right to Protection from Environmental Workplace Discrimination and Hazards
424. Right to Participatory Environmental Impact Assessment and Mitigation
425. Right to Ethical and Sustainable Environmental Entrepreneurship and Enterprise
426. Right to Environmental Health and Wellness Programs and Interventions
427. Right to Equitable Access to Environmental Legal Representation and Aid
428. Right to Ethical and Sustainable Environmental Surveillance and Monitoring
429. Right to Participatory Environmental Risk Communication and Preparedness
430. Right to Equitable Access to Environmental Decision-Support Technologies
431. Right to Ethical and Sustainable Environmental Biometrics and Tracking
432. Right to Environmental Whistleblower Protection and Anti-Retaliation Measures
433. Right to Participatory Environmental Remediation and Restoration Efforts
434. Right to Equitable Access to Environmental Compensation and Reparations

435. Right to Ethical and Sustainable Environmental Heritage Preservation
436. Right to Environmental Personhood and Guardianship for Ecosystems
437. Right to Equitable Environmental Benefits and Burden-Sharing in Urbanization
438. Right to Ethical and Sustainable Environmental Urban-Rural Linkages
439. Right to Participatory Environmental Urban Planning and Development
440. Right to Equitable Access to Environmental Urban Green Infrastructure
441. Right to Ethical and Sustainable Environmental Urban Waste Management
442. Right to Environmental Urban Food Security and Sustainable Production
443. Right to Participatory Environmental Urban Water Resource Governance
444. Right to Equitable Access to Environmental Urban Transportation Solutions
445. Right to Ethical and Sustainable Environmental Urban Energy Transitions
446. Right to Environmental Urban Climate Adaptation and Resilience Measures
447. Right to Equitable Access to Environmental Urban Environmental Education
448. Right to Ethical and Sustainable Environmental Urban Community Engagement
449. Right to Participatory Environmental Urban Environmental Policy and Advocacy
450. Right to Equitable Access to Environmental Urban Ecological Restoration

601. Right to Equitable Environmental Burden-Sharing in Global Supply Chains
602. Right to Ethical and Sustainable Environmental Corporate Governance
603. Right to Participatory Environmental Impact Assessment for Investments
604. Right to Equitable Access to Environmental Risk Insurance and Financing
605. Right to Ethical and Sustainable Environmental Debt-for-Nature Swaps
606. Right to Participatory Environmental Taxation and Fiscal Policy Design
607. Right to Equitable Access to Environmental Crowdfunding and Microlending
608. Right to Ethical and Sustainable Environmental Venture Capital and Angel Investing
609. Right to Participatory Environmental Sovereign Wealth Fund Management
610. Right to Equitable Access to Environmental Impact Investing and ESG Funds
611. Right to Ethical and Sustainable Environmental Philanthropy and Endowments
612. Right to Participatory Environmental Development Finance Institution Governance
613. Right to Equitable Access to Environmental Export Credit and Trade Financing
614. Right to Ethical and Sustainable Environmental Public-Private Partnerships
615. Right to Participatory Environmental Fiscal Policy and Budgeting
616. Right to Equitable Access to Environmental Subsidy and Incentive Programs
617. Right to Ethical and Sustainable Environmental Liability and Compensation Regimes
618. Right to Participatory Environmental Trade and Investment Agreement Negotiations
619. Right to Equitable Access to Environmental Patent Pools and Technology Transfer
620. Right to Ethical and Sustainable Environmental Fintech and Blockchain Solutions

- 621. Right to Participatory Environmental Carbon Market and Offset Scheme Governance
- 622. Right to Equitable Access to Environmental Microfinance and Microtransactions
- 623. Right to Ethical and Sustainable Environmental Sovereign Debt Restructuring
- 624. Right to Participatory Environmental Central Banking and Monetary Policy
- 625. Right to Equitable Access to Environmental Indexed and Catastrophe Bonds
- 626. Right to Ethical and Sustainable Environmental Reinsurance and Risk Pools
- 627. Right to Participatory Environmental Pension Fund and Endowment Investment
- 628. Right to Equitable Access to Environmental Development Impact Bonds
- 629. Right to Ethical and Sustainable Environmental Political Risk Insurance
- 630. Right to Participatory Environmental Tax Increment Financing Mechanisms
- 631. Right to Equitable Access to Environmental Green Municipal Bonds
- 632. Right to Ethical and Sustainable Environmental Infrastructure Investment Funds
- 633. Right to Participatory Environmental Collective Investment Scheme Governance
- 634. Right to Equitable Access to Environmental Regulatory and Policy Sandboxes
- 635. Right to Ethical and Sustainable Environmental Blockchain-Based Asset Registries
- 636. Right to Participatory Environmental Financial Inclusion and Literacy Programs
- 637. Right to Equitable Access to Environmental Microinsurance and Parametric Insurance
- 638. Right to Ethical and Sustainable Environmental Remittance and Money Transfer Services
- 639. Right to Participatory Environmental Microfinance Institution Governance
- 640. Right to Equitable Access to Environmental Equity Crowdfunding and P2P Lending
- 641. Right to Ethical and Sustainable Environmental Venture Philanthropy and Grants
- 642. Right to Participatory Environmental Sovereign Wealth Fund Investment Policies
- 643. Right to Equitable Access to Environmental Impact Investment Intermediaries
- 644. Right to Ethical and Sustainable Environmental Blended Finance Structures
- 645. Right to Participatory Environmental Development Bank Project Selection
- 646. Right to Equitable Access to Environmental Catastrophe Swap and Reinsurance Contracts
- 647. Right to Ethical and Sustainable Environmental Green Bond and Climate Bond Issuances
- 648. Right to Participatory Environmental Central Bank Green Asset Purchase Programs
- 649. Right to Equitable Access to Environmental Community Development Financial Institutions
- 650. Right to Ethical and Sustainable Environmental Microfinance Institution Operations

****Universal Declaration of Organic Rights (UDOR) 2024 - Part 7 (801-1000)****

- 801. Right to Equitable Environmental Burden-Sharing in Global Governance Frameworks
- 802. Right to Ethical and Sustainable Environmental Diplomacy and Multilateral Cooperation
- 803. Right to Participatory Environmental Decision-Making in Intergovernmental Organizations
- 804. Right to Equitable Access to Environmental Dispute Resolution and Conflict Mediation
- 805. Right to Ethical and Sustainable Environmental Peacekeeping and Peacebuilding Missions
- 806. Right to Participatory Environmental Norm-Setting and Treaty Negotiation Processes
- 807. Right to Equitable Access to Environmental Capacity-Building and Technical Assistance
- 808. Right to Ethical and Sustainable Environmental Sanctions and Trade Measures
- 809. Right to Participatory Environmental Compliance Monitoring and Enforcement Mechanisms
- 810. Right to Equitable Access to Environmental Financing and Development Assistance
- 811. Right to Ethical and Sustainable Environmental Technology Transfer and Diffusion
- 812. Right to Participatory Environmental Knowledge-Sharing and South-South Cooperation
- 813. Right to Equitable Access to Environmental Early Warning and Emergency Response Systems
- 814. Right to Ethical and Sustainable Environmental Humanitarian Aid and Disaster Relief
- 815. Right to Participatory Environmental Migration and Displacement Management Frameworks
- 816. Right to Equitable Access to Environmental Refugee Resettlement and Integration Programs
- 817. Right to Ethical and Sustainable Environmental Peacebuilding and Conflict Resolution Efforts
- 818. Right to Participatory Environmental Climate Change Adaptation and Mitigation Strategies
- 819. Right to Equitable Access to Environmental Loss and Damage Compensation Mechanisms
- 820. Right to Ethical and Sustainable Environmental Geoengineering Governance and Oversight
- 821. Right to Participatory Environmental Impact Assessment of Global Development Initiatives

- 822. Right to Equitable Access to Environmental Capacity-Building for Indigenous Communities
- 823. Right to Ethical and Sustainable Environmental Scientific Research and Data Sharing
- 824. Right to Participatory Environmental Agenda-Setting in Intergovernmental Organizations
- 825. Right to Equitable Access to Environmental Monitoring and Reporting Frameworks
- 826. Right to Ethical and Sustainable Environmental Whistleblower Protection and Advocacy
- 827. Right to Participatory Environmental Policy and Regulatory Impact Evaluation Processes
- 828. Right to Equitable Access to Environmental Citizen Science and Community-Based Monitoring
- 829. Right to Ethical and Sustainable Environmental Technology Innovation Challenges and Prizes
- 830. Right to Participatory Environmental Benefit-Sharing from Commercialization of Innovations
- 831. Right to Equitable Access to Environmental Education and Awareness-Raising Campaigns
- 832. Right to Ethical and Sustainable Environmental Labeling, Certification, and Ecolabeling
- 833. Right to Participatory Environmental Impact Assessment of Trade and Investment Agreements
- 834. Right to Equitable Access to Environmental Remediation and Ecological Restoration Projects
- 835. Right to Ethical and Sustainable Environmental Poverty Alleviation and Social Protection
- 836. Right to Participatory Environmental Governance of Extractive and Resource Industries
- 837. Right to Equitable Access to Environmental Liability and Compensation Regimes
- 838. Right to Ethical and Sustainable Environmental Corporate Social Responsibility Frameworks
- 839. Right to Participatory Environmental Taxation and Subsidy Reform Policymaking
- 840. Right to Equitable Access to Environmental Public-Private Partnership Arrangements
- 841. Right to Ethical and Sustainable Environmental Crowdsourcing and Citizen Science Initiatives
- 842. Right to Participatory Environmental Impact Assessment of Infrastructure Development
- 843. Right to Equitable Access to Environmental Microfinance and Community Banking Services

844. Right to Ethical and Sustainable Environmental Impact Investing and Green Finance Instruments
845. Right to Participatory Environmental Budgeting and Resource Allocation at the Local Level
846. Right to Equitable Access to Environmental Education, Training, and Capacity-Building
847. Right to Ethical and Sustainable Environmental Philanthropy, Endowments, and Foundations
848. Right to Participatory Environmental Agenda-Setting and Policy Development at National Levels
849. Right to Equitable Access to Environmental Dispute Resolution and Grievance Mechanisms
850. Right to Ethical and Sustainable Environmental Diplomacy and Transboundary Cooperation
851. Right to Participatory Environmental Impact Assessment of Military and Security Operations
852. Right to Equitable Access to Environmental Emergency Response and Disaster Relief Assistance
853. Right to Ethical and Sustainable Environmental Refugee and Displacement Management Frameworks
854. Right to Participatory Environmental Governance of Outer Space Activities and Resources
855. Right to Equitable Access to Environmental Benefits from Extraterrestrial Resource Utilization
856. Right to Ethical and Sustainable Environmental Protection in Off-World Settlements and Colonies
857. Right to Participatory Environmental Policymaking for Space-Based Climate Intervention
858. Right to Equitable Access to Environmental Monitoring and Restoration of Extraterrestrial Ecosystems
859. Right to Ethical and Sustainable Environmental Impact Assessment of Interplanetary Exploration
860. Right to Participatory Environmental Governance of Celestial Bodies and Outer Space Commons
861. Right to Equitable Access to Environmental Education and Capacity-Building for Space Settlers
862. Right to Ethical and Sustainable Environmental Liability and Remediation for Space Activities
863. Right to Participatory Environmental Emergency Preparedness for Extraterrestrial Disasters
864. Right to Equitable Access to Environmental Benefits from Space-Based Renewable Energy Systems
865. Right to Ethical and Sustainable Environmental Protection of Undiscovered Extraterrestrial Life

866. Right to Participatory Environmental Policymaking for Interplanetary Ecological Restoration
867. Right to Equitable Access to Environmental Monitoring and Early Warning for Space Weather Events
868. Right to Ethical and Sustainable Environmental Governance of Asteroid Deflection and Impact Mitigation
869. Right to Participatory Environmental Impact Assessment of Space-Based Resource Extraction and Mining
870. Right to Equitable Access to Environmental Compensation for Damages from Space-Based Activities
871. Right to Ethical and Sustainable Environmental Stewardship of Lunar, Martian, and Asteroid Environments
872. Right to Participatory Environmental Policymaking for Sustainable Extraterrestrial Tourism Development
873. Right to Equitable Access to Environmental Benefits from Commercialization of Space-Based Technologies
874. Right to Ethical and Sustainable Environmental Protection of Extraterrestrial Heritage and Cultural Sites
875. Right to Participatory Environmental Governance of Space-Based Geoengineering and Climate Interventions
876. Right to Equitable Access to Environmental Capacity-Building and Technology Transfer for Space Settlement
877. Right to Ethical and Sustainable Environmental Liability Regimes for Interplanetary Ecological Contamination
878. Right to Participatory Environmental Policymaking for Responsible Exploration and Colonization of Exoplanets
879. Right to Equitable Access to Environmental Monitoring and Remediation of Extraterrestrial Pollution and Waste
880. Right to Ethical and Sustainable Environmental Protection of Undiscovered Intelligent Extraterrestrial Civilizations
881. Right to Participatory Environmental Governance of Interstellar Travel and Interplanetary Ecological Exchange
882. Right to Equitable Access to Environmental Benefits from Commercialization of Extraterrestrial Renewable Energy
883. Right to Ethical and Sustainable Environmental Remediation and Restoration of Degraded Extraterrestrial Environments
884. Right to Participatory Environmental Policymaking for Planetary Defense Against Existential Astronomical Threats
885. Right to Equitable Access to Environmental Monitoring and Early Warning Systems for Extraterrestrial Disasters
886. Right to Ethical and Sustainable Environmental Liability Regimes for Damages Caused by Extraterrestrial Activities
887. Right to Participatory Environmental Governance of Interplanetary Ecological Preservation and Interstellar Expansion

888. Right to Equitable Access to Environmental Capacity-Building and Technology Transfer for Extraterrestrial Settlement
889. Right to Ethical and Sustainable Environmental Protection of Undiscovered Extraterrestrial Biological and Genetic Resources
890. Right to Participatory Environmental Policymaking for Responsible Stewardship of Celestial Bodies and Interplanetary Ecosystems
891. Right to Equitable Access to Environmental Monitoring and Remediation of Extraterrestrial Contamination and Ecological Disruption
892. Right to Ethical and Sustainable Environmental Liability and Compensation Regimes for Extraterrestrial Ecocide and Environmental Destruction
893. Right to Participatory Environmental Governance of Interplanetary Ecological Restoration, Terraforming, and Planetary Engineering
894. Right to Equitable Access to Environmental Benefits from the Commercialization and Utilization of Extraterrestrial Resources and Technologies
895. Right to Ethical and Sustainable Environmental Protection of Undiscovered Extraterrestrial Sentient Beings and Their Habitats
896. Right to Participatory Environmental Policymaking for the Peaceful and Cooperative Exploration and Settlement of the Solar System and Beyond
897. Right to Equitable Access to Environmental Monitoring, Early Warning, and Disaster Mitigation Systems for Celestial Events and Cosmic Threats
898. Right to Ethical and Sustainable Environmental Liability Regimes for Damages Caused by Interplanetary Ecological Contamination and Disruption
899. Right to Participatory Environmental Governance of Interstellar Travel, Interplanetary Ecological Exchange, and Extraterrestrial Biosphere Protection
900. Right to Equitable Access to Environmental Benefits from the Commercialization and Utilization of Interstellar Resources and Extraterrestrial Technologies
